

Undergraduate & Graduate Class Schedules

Fall 1999

He's on a collision course... with a good career.

At seventeen Danny found his primary skill was hot-wiring cars. Fortunately for Danny someone like you took an interest and turned him on to job training. Danny chose the field he knew best — cars. He's now finished with probation and has almost completed a course in auto mechanics. Soon, Danny will be making good money and paying taxes, and trouble is a distant memory.

LESS CRIME IS NO ACCIDENT

It takes you — and programs that work.

Call **1-800-WE PREVENT**, and we'll send you a free booklet on how you can support programs in your community that keep kids away from crime and crime away from kids.

Student Responsibility Statement:

Although this Schedule of Classes was prepared on the basis of the best information available at the time, all information (including the calendar of activities, course offerings, and statements on tuition and fees) is subject to change without notice or obligation. All information in this publication supersedes information previously published in State University's Schedule of Classes. **Students will be held responsible for complying with all requirements and deadlines published in this Schedule of Classes.**

Did you know ...

• **Automated Telephone System**

In an effort to make your busy life a little less hectic, the University has developed an automated telephone system at 516-632-1100 that allows anyone with a touch-tone phone to conduct registration business, receive grade reports, get a summary of financial aid procedures and a status report on financial aid, access account information, and pay bills. We will soon be adding new modules to the system that will enable you to do business over the phone with the Undergraduate Admissions Office and Campus Residences.

• **Easy to Use**

All you need to access the phone system is your University ID number (SS#) and a PIN number (PIN starts out as your six digit birth date, but should be changed and protected). After dialing 516-632-1100 (or 2-1100 on campus) you will hear the main menu:

1. Registration
2. Grades
3. Financial Aid
4. Account information and Bill Payment

After pressing 1,2,3, or 4, depending on which submenu you want to access, you will receive guidance in making your way through the various options in each submenu. They are as follows:

Registration -

- Register for courses
- Add courses
- Drop courses
- Change course sections
- Change the Pass/No Credit option (undergraduates only)
- Hear your program (including classroom locations)
- Change your PIN number

Grades -

- Grades for the previous semester.

Financial Aid -

- Information on your financial aid application and award status
- General financial aid information on grants, Federal Work Study and other student employment opportunities, loans and scholarships.
- Code numbers and information on how to apply for financial aid
- Request application materials
- Financial Aid Office information, including business hours

Account Information and Paying Bills -

- Detailed itemization of your current semester's bill and any outstanding balances
- Pay your bill via VISA, MasterCard, Discover, or American Express

The State University at Stony Brook is an affirmative action/equal opportunity educator and employer.

WELCOME to the UNIVERSITY AT STONY BROOK

Office of the Registrar

I am delighted that you have decided to spend the upcoming semester furthering your education at the University at Stony Brook. This Schedule of Classes is being provided to you so that you can prepare for the Fall Semester, 1999. You will find important information on "How to Register", the Academic Calendars and general policies and procedures that you need to be aware of and are responsible to follow.

Use the **AUTOMATED TELEPHONE SYSTEM** instead of standing in line. The **ON CAMPUS** number is: 2-1100 -- the **OFF CAMPUS** number is: 632-1100. If you need assistance, stop by the Registrar's Service Counter in the lobby of the Administration Building. Our office phone is 632-6175 and our office hours are: M, W, Th, F 8:30 - 4:00 p.m. and Tuesday, 10:00 a.m. - 7:00 p.m.

Once you have registered, you may review your registration at any time using one of the following access methods:

- **World Wide Web** at <http://www.sunysb.edu/registrar/reghome/htm>
- **The Automated Telephone System:** The system will speak all of your registered courses, credits, meeting times and locations. On Campus: 2-1100 Off Campus: 632-1100
- **Any SOAR Terminal/Kiosk:** Academic Advising, Transfer Office, Health Sciences Student Service Center; the Registrar's Service Counter or Lobby of the Administration Building.

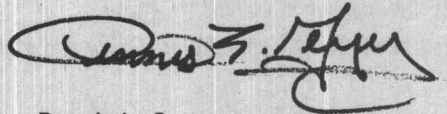

CHECK IT OUT

Any UPDATES to the Schedule of Classes are available on the web
<http://www.sunysb.edu/registrar/reghome.htm>

You are encouraged to contact your academic advisor before choosing your courses. The Prime Time Advising period begins APRIL 7-13. Fall 1999 registration begins April 13 for Graduate students and April 14 for Undergraduates.

Fall Semester classes begin **Wednesday, September 1.**

I want to extend my best wishes for a successful semester at the University at Stony Brook.

Dennis L. Geyer
University Registrar

IMPORTANT: STUDENTS THEMSELVES ARE RESPONSIBLE FOR REVIEWING, UNDERSTANDING AND ABIDING BY THE UNIVERSITY'S REGULATIONS, PROCEDURES, REQUIREMENTS AND DEADLINES AS DESCRIBED IN OFFICIAL PUBLICATIONS INCLUDING THE UNDERGRADUATE BULLETIN (AND SUPPLEMENTS), THE STUDENT HANDBOOK AND SCHEDULE OF CLASSES.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Federal Family Educational Rights and Privacy Act of 1974, as amended, sets out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to student records maintained by the campus and the release of such records.

University of Stony Brook is authorized to release "Directory Information" concerning students. Directory Information includes:

Student's name, addresses (including email), telephone numbers, date and place of birth, major field of study, class, participation in officially recognized activities and sports, weight and height of members of athletic teams, likenesses used in University publications, dates of attendance, degrees and awards received and previous institutions attended.

The above designated information is subject to release by University at Stony Brook at any time unless USB receives prior written objection for the student.

Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act. Forms requesting the withholding of directory information are available at the Registrar's Office, 2nd floor of the Administration Building. Please be sure to bring your identification card with you in order for changes to be processed to your academic record.

University of Stony Brook is authorized to provide access to student records to campus officials and employees who have legitimate educational interest in such access. These persons are those who have responsibilities in connection with campus academic, administrative or service functions or a person or company with whom USB has contracted (such as the National Student Loan Clearinghouse) and who have reason for using student records connected with their campus or other related academic responsibilities.

TELEPHONE REGISTRATION SCHEDULE

*****THIS SCHEDULE SUPERSEDES ALL PRIOR PRINTED SCHEDULES*****

Please find the days allocated for your class code (Grads, U4,U3,U2,U1,U0), look across to find the first letter of your last name, and move up the column to find the start time for your registration. After your start time you will be allowed continual access (7AM - 12Midnight) to the telephone system until the end of registration. However, you should register before the first day of classes, September 1, to avoid a late registration fee. Telephone registration for Summer Session I or II 1999, and Fall 1999, is available to all continuing students. Call (516) 632-1100. Each telephone call will be limited to **one** of the above three terms but you may call as often as you wish.

Class	Day	Date	Times						
			7AM	9AM	11AM	1PM	3PM	5PM	7PM
			First Letter Last Name						
Grads	Tuesday	13-Apr-99				G4,G5	G3,G2	G1	G0

During advance registration for Fall, undergraduate students can register for up to 17 credits. During the final two weeks of advance registration (8/18-8/31), the credit limit will be raised to 19.

IN-PERSON REGISTRATION SCHEDULE

Your first opportunity to register in-person for Summer or Fall 1999 is determined by your Class Code:

Day and Date	Class Code	Time of Day
Friday, April 23	G1-G5	8:30AM-4PM
Monday, April 26	G0	8:30AM-4PM
Tuesday, April 27	U4	10:00AM-7PM
Wednesday, April 28	U3	8:30AM-4PM
Thursday, April 29	U2	8:30AM-4PM
Friday, April 30	U1	8:30AM-4PM
Monday, May 3	U0	8:30AM-4PM

*New and visiting undergraduate students are classified U0, and may register in person for summer classes beginning Monday, May 3.

You will be responsible for tuition and fees for all courses not properly cancelled or withdrawn. Refer to the Undergraduate or Graduate Bulletin accordingly for withdrawal procedures and tuition liability deadlines.

"The last examination of the course, whether comprehensive or covering only a portion of the material, must be given during the Final Examination Period at the time designated for the course. Exceptions may only be granted by the dean of the instructors college for compelling academic reasons. Students who find that a final exam has been scheduled during the last week of classes in any of their courses should contact the Office of Undergraduate Affairs at 632-7081.

NOTES:

1. To determine the time and date of your examination, find the time your class **lecture** meets (or the "common exam" box for large multi sectioned courses) and look to the left of the row to find the **day** of the examination, and to the top of the column for the **time**.
2. If your lecture meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the examination for a class that begins at 10:45 A.M. on Monday will be held at the time indicated for classes that meet at 10:30 - 11:25 A.M. on M/W/F).
3. Unless otherwise announced, the examination will be given in the room where the regular class is held.
4. **It is the student's responsibility to plan a program that avoids examination conflicts and too many examinations in the same day. Students taking evening classes must be especially careful to avoid examination conflicts between their evening course examinations and the common examinations. Instructors are not obligated to give makeup examinations to students.**

(Revised 2/22/99)

TELEPHONE REGISTRATION INSTRUCTIONS

- A. If you are registering for courses or adding new selections to your registration, please be ready with the 8 digit codes for those courses. These consist of a 3 digit department call number (listed on the next page and throughout the schedule), a 3 digit course number, and a 2 digit section number (section 1 would be 01).

Example: AMS 102 section 4 would be 12010204

- B. Dial (516) 632-1100 (refer to the Telephone Registration Schedule on the previous page for your first opportunity to register). **For all transactions, wait until the system is finished speaking to enter your response. Be patient, the system may be slow to respond when it is processing numerous requests simultaneously.** Touch 1 to identify yourself as a touch-tone caller then 1 again to access the Registration System.
- C. Enter your Stony Brook ID number (9 digits; usually your Social Security number). Students with ID numbers beginning with **USB** should enter 872 followed by the remaining 6 digits of their ID number. Students with ID numbers beginning with **FOR** should enter 367 followed by the remaining 6 digits of their ID number.
- D. Enter your six digit Personal Identification Number (PIN). Your PIN number is initialized to your date of birth (e.g., February 9, 1973 would be 020973). We encourage you to change your PIN number at your earliest convenience since the birth date is not very secure.
- E. If you are not eligible to register you will hear instructions relating to your particular situation.
- F. Once the system recognizes you as eligible to register, you may select from among the following choices. Listen carefully and respond. All necessary instructions will be read to you.
- 1 - to create your **initial registration** for this semester.
 - 2 - to **add** courses after having registered previously.
 - 3 - to **drop** courses after having registered previously.
 - 4 - to **change sections**.
 - 5 - to add or remove the **Pass/No-credit** grading option (undergraduates only).
 - 6 - to hear your **schedule**, meeting times and locations.
 - 7 - to change your **PIN number**.
- G. After all the information has been entered, press the pound key (#) to receive a confirmation of your transactions.

Note: If you wish to drop all of your courses or your last course you must file in writing for a cancellation or withdrawal from the University. Send mail to: Registrar's Office/Student Services, SUNY at Stony Brook, Stony Brook, NY 11794 - 1101 or FAX to (516) 632-9491.

Final examinations end; fall semester ends. Last day for departments to submit Completion Statements for December master's and doctoral degree candidates.

****Health Sciences Center Academic Calendar is published separately.** Health Technology and Management (Undergraduate) and Basic Sciences, Medicine, Dental Medicine students see HSC academic calendar for Fall 1999 classes to begin and modular dates.

1999 SUMMER SESSIONS

All current Stony Brook students are mailed a Summer Sessions Catalog in March which contains the final course schedule as well as information on telephone and in-person registration, tuition and fees, payment options, housing, and summer students services and activities. This information also appears on the Summer Sessions Web site: www.sunysb.edu/summer/ Summer Sessions registration follows the same registration schedule as the Fall semester.

All Summer Sessions Catalogs may be obtained in the following locations:

Registrar's Office, 2nd floor lobby, Administration Bldg
 Academic Advising Center, E3310 Library
 Undergraduate Academic Affairs, E2360 Library
 Commuter Student Affairs Office, Suite 131 Student Activities Center
 College of Engineering and Applied Sciences, 127 Engineering Bldg
 School of Professional Development, N201 Social & Behavioral Sciences Bldg
 HSC Student Services, Level 2, 271 Health Sciences Center
 Summer Sessions Office, 102 Humanities Bldg
 Undergraduate Admissions, 118 Administration Bldg
 Residential Quad Offices

SUMMER 1999 ACADEMIC CALENDAR

STUDENT BUS DRIVERS NEEDED!!

Would you like to have a part-time job that would not only give you money for school, but also give you a valuable resource that will last a lifetime? This job has hours tailored to your schedule with a starting salary of \$8.00 per hour. Qualifying students will earn \$6.00 per hour while training for a Commercial Drivers License (CDL). Private driving schools could cost you thousands of dollars.

Benefits:

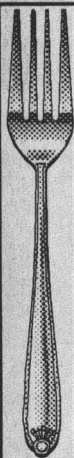

- Obtain certified CDL Training
- Earn \$6.00 per hour while training and \$8.00 as a certified bus driver
- Work 20 hours a week maximum while school is in session, up to 40 hours during Academic breaks
- Shifts are tailored to your academic schedules
- Work opportunity all year round

Qualifications:

- Applicants must be a matriculated USB student
- At least 21 years of age
- Hold a valid NYS practiced drivers license for three years or more
- Clean license (no points, no accidents)
- Must pass DMV's CDL written and road tests
- No criminal record—fingerprinting required
- Must pass and maintain all NYS VTL Article 19A Special Requirements for Bus Drivers
- Must participate in Omnibus drug and alcohol testing program and remain qualified

Interested applicants can pick up an application at 107 Suffolk Hall, South Campus. Also, you must attach clear copies of your driver's license and class schedule to the application (class schedules must be printed out by employees at the Student Services counter in the Administration Building.)

For additional information call Eileen Saylor at (516) 632-6491.

Your homework just got easier.

Tough homework problems are no match for **Mathematica**[®]. Use it as easily as a calculator, but tackle computations only *Mathematica* can handle.

You can even solve problems directly from your textbooks and assignments. *Mathematica*'s buttons and palettes provide quick point-and-click access to thousands of functions, formulas, and mathematical symbols.

Whether your courses are in **engineering, calculus, statistics, finance, chemistry, physics, biology, psychology**, or **any other field** of study where calculation is required, *Mathematica for Students* is well

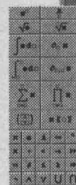

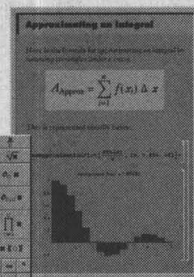

www.wolfram.com/edu/student
Toll free: 1-888-899-3409

Mathematica for Students is available to all currently enrolled full-time students. Student identification required. *Mathematica for Students* is available on Macintosh, Microsoft Windows, and Linux systems. Academic discounts are available for professional versions of *Mathematica* on all personal computers, workstations, and supercomputers. Lab and site programs are also available.

sued for your needs. Less sophisticated technical software programs only offer limited, stripped-down student versions, but *Mathematica for Students* gives you

exactly the same power and functionality as our professional version, preferred at leading corporations, universities, and government organizations worldwide.

Mathematica for Students is available at your local campus bookstore or through your software dealer.

PREREQUISITE: ADRENALINE

Drive. Intensity. Those aren't words you're likely to see in many course requirements. Then again Army ROTC is unlike any other elective. It's hands-on excitement. ROTC will challenge you mentally and physically through intense leadership training. Training that builds your character,

confidence and decision-making skills. Again words other courses seldom use. But they're the credits you need to succeed in life. ROTC is open to freshmen and sophomores without obligation and requires about five hours per week. Register this term for Army ROTC.

ARMY ROTC

THE SMARTEST COLLEGE COURSE YOU CAN TAKE

REGISTERING FOR COURSES

IF YOU'RE AN UNDERGRADUATE

The most important thing to do is...

REGISTER IN ADVANCE!

That means registering as soon as your class status (U1 freshman, U2 sophomore, etc.) and the first letter of your last name allow. The schedule for when you can register is on page ? . ADVANCE REGISTERING is the BEST way to ensure the BEST selection of courses. The longer you wait, the likelier the class will close. So don't run around the first week of classes like a chicken with its head cut off trying to sign in.

REGISTER IN ADVANCE

→Trying to register for a closed course lets the department know there's demand and they *may* be able to add sections.←

All courses have a remark telling you special information about registering for the course.

Most courses have a remark that says:

- "No permission required to add/drop from advance registration to the end of week 1 of the add/drop period."

That means: Use the automated telephone system to register through September 8. The earlier the better! If there's room in the course, you're in! Remember: Instructors in these courses are NOT keeping waiting lists.

But some courses require you to get permission to register.

ONCE YOU GET PERMISSION, you can register through the department office or at the Registrar's office.

- "Permission of instructor (or department) required to add (or add/drop) after the course has closed" means: if you try to register by phone and can't, you MUST get permission.
- "Permission of instructor (or department) required to add (or add/drop) after the start of classes" means once the semester begins, don't bother with the telephone. Get permission.
- "Permission of instructor (or department) (or somebody else) required to register at any time" means don't bother with the telephone, ever. You MUST get permission to register.

If you absolutely have to add a course after September 8, you MUST get permission of the instructor or department. (After Sept. 15, you even have to PETITION to add a course!) But remember this: students who add into classes after the first week of the semester typically do not do as well those who attend from the beginning.

KNOW WHERE YOU'RE GOING.

REGISTER IN ADVANCE!

“IMPORTANT – PLEASE READ”

“NEW” ACADEMIC STANDING POLICY ALL WEST CAMPUS UNDERGRADUATE STUDENTS EFFECTIVE: FALL SEMESTER, 1999

The University Academic Senate has approved a new academic standing policy effective Fall Semester, 1999 which affects all West Campus Undergraduate students. All students are required to maintain a minimum cumulative grade point average of 2.0 to be in good academic standing. The following is an abbreviated statement of the new academic standing policy.

Good Standing: Any student whose cumulative grade point average is 2.0 or higher.

Academic Warning: Any student who is in good academic standing but whose semester grade point average falls below a 2.0 will receive a letter of warning and will be encouraged to contact an academic advisor.

Academic Probation: Any student whose cumulative grade point average falls below a 2.0 will be placed on academic probation and will be required to contact an academic advisor who must approve the student's registration schedule for the following semester. Students who fail to consult an academic advisor or who fail to register for the advisor approved schedule will be deregistered.

Academic Suspension: Any student on academic probation who fails to achieve good academic standing the following semester will be academically suspended. Students may petition for reinstatement by completing a petition form and submitting it to the Committee on Academic Standing and Appeals of their college (College of Arts and Sciences or the College of Engineering and Applied Sciences).

Academic Dismissal: All reinstated students remain on academic probation. Conditions may be attached to the student's reinstatement. Any student who fails to meet the conditions of reinstatement or who fails to achieve a 2.0 cumulative grade point average within two semesters of reinstatement will be academically dismissed.

GENERAL REGISTRATION INFORMATION FOR UNDERGRADUATES

What is full-time or part-time status?

Whether you are full-time or part-time is determined at the end of the add/drop period. At that time, if you are registered for 1-11 credits, you are part-time; if you are registered for 12 credits or more, you are full-time. You must be full-time to receive most forms of financial aid. It is your responsibility to determine in advance how changing your enrollment status will affect your financial aid.

What about prerequisites?

Instructors assume you come into their courses having completed the mandatory prerequisites. You can have done this in three ways: by taking the prerequisite course; by transferring a comparable course; or through knowledge acquired by other means. Instructors have the option to de-register you if you do not have the proper prerequisites.

Policies on prerequisites differ by department. If you want to take a course but have not completed the prerequisites, you should speak to the department offering the course.

What are crosslisted courses?

These are regularly scheduled undergraduate courses that are sponsored by two departments. You may register under **either** department's designator.

When are the placement exams given?

The **Writing Placement Examination** is tentatively scheduled to be given Wednesday, April 14, 1999, at 7:00 pm, in Javits Lecture Center, room 110. Students should sign up for the exam in advance in the Writing Center, Humanities, room 198.

Writing placement is indicated on the student's record in the following way:

Placement 1 ESL 192; for students whose writing reveals evidence of interference from a language other than English. Students improve skills in basic writing of sentences and paragraphs.

Placement 2 ESL 193; for students whose writing reveals evidence of interference from a language other than English. Students improve their facility in descriptive and argumentative writing.

Placement 3 WRT 101 and Skill 2 Basic Writing Competence; for students whose composition skills reveal adequate preparation. Students improve their facility in advanced constructions and develop more academic writing skills. (Students matriculating before Fall 1999 do not receive Skill 2.)

Placement 4 WRT 102 and Skill 2 Basic Writing Competence; for students whose composition skills are strong. Students improve academic writing skills.

Placement 5 WRT 103 and Skill 2 Basic Writing Competence; for students whose composition skills are strong. Students explore various methods in academic writing.

The **Mathematics Placement Examination** will be given on Wednesday, April 21, from 6:00-7:30 pm, in the Math Tower, Room P-131. Students should bring a Stony Brook ID card and a pencil. The first part of the exam is the test for basic competence in mathematics for students who did not satisfy this requirement before enrolling at Stony Brook. A score of level 3 or higher satisfies Skill 1 Basic Mathematics Competence.

Foreign language proficiency examinations are usually offered by the language departments early in the semester. If you are planning to satisfy the entry skill in a foreign language by examination, you should make arrangements with the appropriate department before the first day of the semester.

Satisfying D.E.C. Category A

You must take the appropriate writing-sequence course (ESL 192, ESL 193, WRT 101 and WRT 102 or 103) each semester until you have completed D.E.C. category A, beginning in your first year at Stony Brook. Your registration may be blocked and your graduation delayed if you fail to register for the appropriate writing course.

Registering for courses that require permission

Permission is required if the course is restricted to certain students or if the instructor or the department is keeping a waiting list. Whether or not you need permission to register is noted in the Class Schedule in the remarks for each course. See the page on **Adding and Dropping** in this publication for more information.

Registering for Directed Readings and Research Courses

When you register for a directed reading or research course, you must register using the particular instructor's section number. These are available through the department.

Taking graduate courses

Upper-division students with superior academic records may take graduate courses with the permission of the dean of the Graduate School or continuing education courses with the permission of the dean of the School of Professional Development and Continuing Studies (SPD). You must obtain permission of the instructor, the chairperson of the department offering the course and either the Graduate School or SPD and complete SUSB Form #3065, available through the Graduate School and SPD, before registering.

A maximum of 6 graduate credits may be applied toward undergraduate degree requirements. You should discuss your plans to take graduate or continuing education courses with your major and general advisors in order to assess whether the credit will be applicable toward your degree requirements.

Taking Senior Honors Seminars (495-496 Courses)

You must complete **both** semesters to receive credit for the first semester.

Getting Departmental Brochures

Many departments publish brochures with more detailed information about course offerings, often including number of papers and examinations. These are available in the departments' main offices.

⇒ COURSE & PROGRAM NOTES ⇐

***BIO 151, 152**

The biology departments have revised the major requirements and changed the basic biology curriculum to reflect recent advances in the fields of neurobiology, molecular and cellular biology, and ecology and evolution. Beginning in Fall 1999, BIO 151 and 152 will be replaced by a three-semester fundamentals of biology sequence: BIO 201 Organisms to Ecosystems, BIO 202 Molecular and Cellular, and BIO 203 Cellular and Organ Physiology. Students who have already taken either BIO 151 or 152 and need to take additional biology courses should consult the Undergraduate Biology Office, 140 Old Chemistry.

***Chemistry**

Registration in CHE 475, 476, 487, and 495-496 requires permission of the department. Students must complete a request form in the Chemistry Office, Chemistry Bldg. Room 104.

***Health Sciences Center Courses**

You may enroll in certain HSC courses, which are listed separately in this publication. You must obtain permission of the instructor before registering in person at the Student Services Center, 276 Administration Building.

Students interested in the clinical laboratory sciences should consider this one-credit course:

HAD 210 Introduction to Clinical Laboratory Sciences

Defines clinical laboratory sciences terminology and application. Introduces the specialties within the clinical laboratory sciences profession, including microbiology, hematology, chemistry, immunochemistry, and immunology and their roles in patient care. Reviews professional organizations and licensures. Examines employment opportunities. Visitation of clinical laboratories included. Call Ms. Golightly at 444-3220 for more information.

Students interested in the respiratory care major should consider this one-credit course:

HAT 210 Introduction to Respiratory Care

An introduction to the science of respiratory care. Current trends in professional practice are discussed and students have the opportunity to observe clinical practice at a variety of affiliated health care facilities. This course is designed for lower-division students considering a major in respiratory care. Call Prof. Colletti at 444-3180 for more information.

Students interested in the nursing major should consider this two-credit course:

HNI 290 Introduction to Nursing

An introduction to nursing for students who plan a career in nursing but are not yet enrolled in a school of nursing. The student is oriented to the nature and scope of the profession of nursing and settings where nursing is practiced.

Students interested in the social welfare program should consider this one-credit course:

HWC 210 Introduction to Social Work

Introduces the student to the field of social work. Provides an overview of the variety of settings in which social workers practice. Describes the knowledge, values, and skills which social workers use in order to help individuals, families, groups, and communities.

Clinical Research in Emergency Medicine

The Department of Emergency Medicine offers an internship in Clinical Research. Students are introduced to research design and data collection in a hands-on environment. Participating students are required to spend several hours per week working in the Emergency Department. Contact Dr. Adam Singer, 444-7858, for more information.

***Music Courses**

The prerequisite for any course in the music major is the Undergraduate Musicianship Examination which will be given on Wednesday, September 1, 1999, at 3:00 pm in Staller Center Room 0113 (Basement Choral Room). You must sign up in advance in the Department of Music office, Staller Center Room 3304, 632-7330.

Instrumental and vocal instruction is available to all qualified students. If you want to enroll in one of the Performance Study courses, you must audition during the first week of the semester. See the Department of Music for instructions on enrolling.

MUS 131; 132, 231, & 232: You must audition with the instructor for section placement.

***Psychology Courses**

The Psychology department publishes a brochure each semester that contains extended descriptions of course offerings and other announcements of interest to undergraduates. These are available in the Psychology Undergraduate Office, Psychology B Rm 116, which is open from 8:30 am-5:00 pm every day. The bulletin board outside the office also contains up-to-date information about community service and research opportunities.

***Psychology Community Service Courses**

PSY 283 Community Service provides supervised training in human service agencies on campus and in the community. Check with the Psychology Department's Undergraduate Office, Psychology B Rm 116, for fall semester information.

***Social Sciences Secondary Teacher Preparation Program**

If you plan to enter the program during the 1999-2000 academic year, see Ms. Lorraine Geiger (SBS N-507). Failure to do so may result in a delay in meeting the New York State teacher certification requirements.

If you are planning to take SSI 451, 452, Supervised Student Teaching, and the corequisite SSI 454, Student Teaching Seminar, during the Fall 1999 semester, you must contact Ms. Lorraine Geiger (SBS N-507) **between March 1, 1999 and May 28, 1999** to make arrangements for a secondary school student teaching placement.

***SSI 283 Practicum in Child Development**

If you plan to work in the day care center by registering for SSI 283, you must present proof of a recent medical examination when reporting to work.

***Undergraduate Research**

All undergraduates doing research must register for research projects using the research course number in the department of their research supervisor (such as PHI 487 Readings and Research in Philosophy). The number of credits to be earned for the project is chosen in consultation with the project supervisor and departmental research coordinator. Students who elect to pursue research without earning credit must register for the course for zero credit. For information on undergraduate research opportunities, students should visit the University's web site category on Research Opportunities for Undergraduates (<http://notes.cc.sunysb.edu/Prov/underresop.nsf>) as well as departmental web sites.

***WRT 201-B Academic Writing**

Topics vary from section to section. Go to the Writing Program Office, Humanities Bldg. Rm 196, for course descriptions.

***Women's Studies**

The following courses offered by other departments will also satisfy requirements for the Women's Studies major and minor: EGL 377 Fashion in Literature and Culture, JDS 390 Women's Roles in the Hebrew Bible; HIS 401 Women and Gender in Georgian England; HIS 413 Gender and Race in American Popular Culture; HIS 414 The History of the Body; PHI 374 Philosophical Reflections of the Body; SOC 390 Sociology of Men; and SPN 410 Spanish Women Writers of the Modern Period

LEARNING COMMUNITIES AT STONY BROOK

FOR A SMALL COLLEGE EXPERIENCE IN A MAJOR RESEARCH UNIVERSITY

IT'S A WHOLE NEW WAY TO LEARN!

What's a learning community? It's a group of 25 students with similar interests and goals, who register for their courses together. The courses are tied together by a collaborative seminar that counts toward the D.E.C., strengthens your academic skills and shows you how to be a better learner by helping you make connections among your different courses. It teaches you to think about things in new ways. And your teachers know what's going on in the different classes so they can show you how stuff you're learning in one course applies in another, and you didn't even realize it! Best of all, because you learn together and study together, you make great friends.

DIFFERENT LEARNING COMMUNITIES FOR DIFFERENT KINDS OF STUDENTS

Freshman Communities in Science are for students interested in biology, pre-health and other sciences. In the fall, students take chemistry, chemistry lab, calculus, writing, and the collaborative seminar "Thinking about Science."

Freshman Communities of Ideas are for students interested in the humanities and social sciences, like English and psychology. In the fall, students take psychology, philosophy, writing, and the collaborative seminar "The Person."

Freshman Community in Computer Science. In the fall, students take 2 computer science courses, calculus, writing, and a collaborative seminar.

Freshman Community in Electrical Engineering. In the fall, students take 1 electrical engineering course, calculus, physics, and a collaborative seminar.

And for upper-division transfer students, we have communities that link two courses toward a major with a collaborative seminar that helps students from other schools make the transition to Stony Brook.

SO HOW DOES IT WORK?

Some communities have several different groups that let you choose the cluster of courses that fits your work, athletic and commuter schedules. The learning communities schedules for fall are listed on the next page. If you're interested in signing up or you just have questions about whether the learning community is right for you, call Barbara Lawrence at 632-1213. Or go see her in the Library, room N3006. And check out the program's website at www.cas.sunysb.edu/lcp. Program class size is restricted to 25 per group, so sign up early.

If you're interested in the *COMMUNITIES IN SCIENCE*, choose one of the following groups:

Undergraduate Degree Requirements

General Education Requirements

The Diversified Education Curriculum (D.E.C.) exposes students to a wide range of skills, disciplines, and cultural perspectives. Courses satisfying each category are indicated by the appropriate letter following the course number. All courses applied to D.E.C. requirements must be taken for a letter grade.

Students with majors in the **College of Arts and Sciences**, the **Harriman School for Policy and Management**, or the **Marine Sciences Research Center** must satisfy the following requirements:

Entry Skills

Skill 1—Basic Mathematics Competence

Skill 2—Basic Writing Competence

Skill 3—Elementary Foreign Language

University Skills

Category A—English Composition (*2 courses*)

Category B—Interpreting Texts in the Humanities
(*1 course*)

Category C—Mathematical and Statistical Reasoning
(*1 course*)

Category D—Understanding the Fine and Performing
Arts (*1 course*)

Disciplinary Diversity (*two courses in each category*)

Category E—Natural Sciences

Category F—Social and Behavioral Sciences

Category G—Humanities

Expanding Perspectives and Cultural Awareness
(*one course in each category*)

Category H—Implications of Science and Technology

Category I—European Traditions

Category J—The World Beyond European Traditions

Category K—American Pluralism

Students who have received an A.A. or A.S. degree from a SUNY or CUNY school *prior to matriculation* will automatically have met D.E.C. requirements A through H.

Students with majors in **applied mathematics and statistics, information systems, or computer science**, or those pursuing **Bachelor of Engineering** degrees, must satisfy the following requirements:

Entry Skills

Skill 1—Basic Mathematics Competence

Skill 2—Basic Writing Competence

University Skills

Category A—English Composition (*2 courses*)

Category B—Interpreting Texts in the Humanities
(*1 course*)

Category C—Mathematical and Statistical Reasoning
(*1 course*)

Disciplinary Diversity

Category E—Natural Sciences (*two courses*)

Category F—Social and Behavioral Sciences (*one course*)

Category G—Humanities (*one course*)

Expanding Perspectives and Cultural Awareness
(*one course in each category*)

Category H—Implications of Science and Technology

Category I—European Traditions*

Category J—The World Beyond European Traditions*

Category K—American Pluralism (*required only of students enrolled in majors leading to the Bachelor of Science degree*)

*In choosing courses for categories I and J, students must select one with a humanities designator and one with a social sciences designator.

Students who have received an A.A. or A.S. degree from a SUNY or CUNY school *prior to matriculation* will automatically have met D.E.C. requirements A through G.

Other Requirements

All students must also complete the following requirements in order to receive a bachelor's degree from the State University of New York at Stony Brook:

Upper-Division Credit Requirements

At least 39 credits must be earned in upper-division courses (numbered 300 or higher at Stony Brook).

Residence Requirement

At least 36 credits must be earned at Stony Brook after attaining junior status.

Grade Point Average Requirement

A cumulative grade point average of at least 2.00 is required for all academic work undertaken at Stony Brook.

SOAR System

The SOAR system provides students with direct, immediate access to selected aspects of their academic record. Students may view and print:

- Unofficial Grade Reports (ARTIS Reports)
- Degree Audits (DARTS Reports)
- Times and Locations of Current Classes
- Times and Locations of Upcoming Classes
- Registration Status
- Mailing Address(es)
- Status of Transcript Requests

Students may log into SOAR on the Internet at:

<http://www.sunysb.edu>

or at these locations:

Student Services Center

2nd floor, Administration Building

Academic Advising Center

3rd floor, Melville Library

CEAS Undergraduate Student Office

1st floor, Engineering Building

Undergraduate Transfer Office

1st floor, Administration Building

Office of Student Services

2nd level, Health Sciences Center

Major Requirements

Each candidate for a degree must satisfy the requirements of a declared major. Courses transferred from other institutions must be evaluated by the corresponding academic department at Stony Brook for specific applicability toward major requirements.

Minor Requirements

Students are not required to pursue a minor in order to graduate. However, a number of minors are available for those wishing to select them.

Credit Hour Requirement

At least 120 credits are required for a Bachelor of Arts or a Bachelor of Science degree. At least 128 credits are required for a Bachelor of Engineering. Some courses do not count toward the minimum credits required for graduation. Refer to the "Course Credit and Grading Options Limits" section in the chapter on Academic Policies and Regulations in the 1999-2001 *Undergraduate Bulletin* for complete information.

DARTS Reports

DARTS Reports summarizing students' progress toward completion of the D.E.C. requirements are available for all students through the SOAR system.

DARTS Reports also summarize progress toward completion of many majors. It is, however, important to note that the audit of major requirements does not include transfer courses. Students must speak with their major advisor about how their transfer credits will be applied.

Students who are within a year of graduating are particularly encouraged to review their DARTS Reports to confirm their status.

1999-2001 UNDERGRADUATE BULLETIN SUPPLEMENT FALL 1999

Psst! Can't find a course in the Bulletin? Look here!
**This Supplement includes all changes and corrections to the Bulletin
AND descriptions of special topics courses!**

THIS SUPPLEMENT CONTAINS:

College of Arts and Sciences & MSRC: Changes to majors, minors, courses plus special topics & new course descriptions

College of Engineering & Applied Sciences & Harriman School: Changes to majors, minors, courses plus new course descriptions

Corrections to the *Undergraduate Bulletin*

COLLEGE OF ARTS AND SCIENCES AND MARINE SCIENCES RESEARCH CENTER

Majors, Minors, and Academic Programs

The requirements for the majors, minors and programs listed below have been changed since the publication of the 1999-2001 *Undergraduate Bulletin*. When requirements change, students who have completed at least 45 credits may elect to satisfy either the previous major requirements or the new major requirements. Students with fewer than 45 credits must satisfy the new requirements, unless the major department specifies otherwise. Please consult the section "When Major Requirements Change" at the beginning of the CAS Approved Programs chapter of the *Bulletin* for complete details.

Africana Studies (AFS)

Requirements for the Major in Africana Studies

Please refer to page 85 of the 1999-2001 *Undergraduate Bulletin*. Under Requirement 2, add to the course list:
AFH 213-G Caribbean and American Connections in Literature (in English)

Federated Learning Community Minor in Issues in Health and Society: The Case of AIDS

The Federated Learning Community, a program leading to an academic minor, changes from year to year. The program design enables students to register as a group for a cluster of courses arranged around a common theme. The key to the FLC program is the Master Learner, a distinguished faculty member with excellent teaching credentials, who attends some of the classes along with the

students, functioning as a kind of "super student," and uses the materials from these classes to develop the FLC Program Seminar. The Federated Learning Community theme for 1999-2000 is Issues in Health and Society: The Case of AIDS. The Master Learning for the program is Helen Lemay, Professor of History.

To receive the minor, students must complete the program seminars, FLC 301 in the fall and FLC 302 in the spring, and 6 of the following courses, distributed in any manner over the two semesters:

Fall 1999

AFS 422 AIDS, Race, and Gender in the Black Community

HIS/WST 374-K Historical Perspectives on Gender Orientation

LHD 305, 307 HIV Reduction in the Campus Community I and Laboratory

PHI 374-G Philosophical Reflections on the Body

SOC/HMC 200-F Medicine and Society

FLC 301 Program Seminar—*required*

Spring 2000

BIO 300-H Biology of Human Reproduction

BIO 358-H Biology and Human Social and Sexual Behavior

HIS 394-H Topics in Social History of Medicine

HMC 331-G Legal and Ethical Issues in Health Care

LHD 306, 308 HIV Reduction in the Campus Community II and Lab

SOC 392-F Sociology of Health Care Delivery

FLC 302 Program Seminar—*required*

All courses offered for the minor must be completed with a letter grade of C or higher.

For more information about the Federated Learning Community, or the minor in Issues in Health and Society: The Case of Aids, contact Prof. Lemay at hlemay@cmail.sunysb.edu

Course Descriptions

The courses below are special topics courses for Fall 1999 or have been added to the College curriculum or have been changed in some way since the publication of the 1999-2001 *Undergraduate Bulletin*. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here. Special topics course descriptions only include prerequisites additional to those enumerated in the *Bulletin*.

AFS 421 Colonialism and the Repercussions of Empire *special topic fall 1999*

The relationship between culture and empire among colonizing and colonized societies, considering colonialism as both a socio-economic project and as an epistemological problem. Emphasis on relations among peoples of Africa, Asia, Europe, and the Americas in considering such topics as religious movements, social and cultural hierarchies, construction of identities, psychological-affective dimensions, gender and sexuality, and the political economy of the labor process. May be repeated as the topic changes.

AFS 422 AIDS, Race, and Gender in the Black Community *special topic fall 1999*

The effect of the AIDS epidemic on the African-American community, including the community's efforts to eradicate the causes of HIV/AIDS and to stem its spread, as well as its endeavor to develop ways of exploring healthy forms of sexual communication and interaction. Analysis of the role of poverty and politics in the health status of African Americans. May be repeated as the topic changes.

ANP 403 Primates *special topic fall 1999*

Evolution of sociality and social relationships in non-human primates. Topics include costs and benefits of group life, ecology of female social relationships, and the males' role, with emphasis on theoretical models and tests of these models. May be repeated as the topic changes.

Prerequisite: ANP 120 or BIO 201 (or the discontinued BIO 151)

ANT 310-J North American Indians *special topic fall 1999*

See department for course description.

ANT 390-F Ecological Anthropology *special topic fall 1999*

The theory and method of cultural ecology, the study of how societies adapt to their environment. An ethnographic survey of human adaptive strategies using examples from a wide range of societies, including preliterate and literate, emphasizing the ever-changing relationship between the concepts of ecology (adaptation) and evolution (change or progress) and how these concepts are used to address specific problems in cultural anthropology. May be repeated as the topic changes.

Prerequisites: ANT 102; two other ANT courses at the 200-level or higher

ANT 391-F Mediterranean *special topic fall 1999*

Exploration of the societies and cultures of the southern European countries emphasizing rural/agrarian adaptations, gender relations, ritual, religion and folklore, social stratification and social class, community organization, and rural-urban distinctions; case studies from Portugal, Spain, Italy, and Greece; "The Mediterranean" as a social and cultural construct. May be repeated as the topic changes..

ANT 392-K Anthropology of Disease *special topic fall 1999*

The effects of the importation of disease, the emergence of dormant disease, and the mutation of disease on the ecology, peoples, and cultures of the Americas. May be repeated as the topic changes.

ANT 401 Anthropology of Travel *special topic fall 1999*

The anthropology of travel and tourism as a common feature of cultural contact in our society. May be repeated as the topic changes.

ANT 402 Topics in Palaeolithic Archaeology *special topic fall 1999*

Investigation of the effect of Pleistocene environmental fluctuations on palaeolithic hunter-gatherers using the archaeological record as the primary data source. The nature of Pleistocene environmental reconstructions, with reference to geochronology and palaeoclimatology; critique of several theoretical frameworks employed when reconstructing behavior from stone age refuse, including cultural ecology, palaeoeconomy and evolutionary archaeology; and the relationship between climate and palaeolithic behavior, including hominid dispersal events, and identifying prehistoric settlement patterns.

Prerequisites: ANT 104; one upper-division archaeology course

ARS 491 Metal Casting *special topic fall 1999*

The production and finishing of objects in cast bronze and aluminum, emphasizing mold making and foundry work rather than modeling and creation of originals. Casting of functional items as well as art objects may be undertaken. Replication of existing objects is covered, including a review of piece molding and flexible molding techniques. May be repeated as the topic changes.

ARS 492 Senior Seminar *special topic fall 1999*

Designed for upper-division art majors and minors who intend to continue their particular specialization in graduate school or in the arts professions. The course consists of a seminar and studio and critique and includes gallery and museum visits, guests artists and critiques, technical sessions, text and review readings. May be repeated as the topic changes.

ATM 345-E Theoretical Meteorology *revised course*

The prerequisites have changed:

Prerequisites: ATM 205; MAT 132; PHY 127 or 131 or 141

ATM 346-E Dynamic Meteorology *revised course*

The prerequisites have changed:

Prerequisites: ATM 205 and 345; MAT 203 or 205; MEC 111

ATM 348-E Atmospheric Physics *revised course*

The prerequisites have changed:

Prerequisites: ATM 345; PHY 251; MEC 111

BIO 340-E Zoology (formerly BIO 242) *revised course*

Not for credit after BIO 343, 344, or 346.

Prerequisites: BIO 111 or MAR 104 or BIO 201 (or the discontinued BIO 151)

BIO 409 Regulation of Gene Expression *special topic fall 1999*

Different topics on the regulation of gene expression in eukaryotes.

CLT 220-J Chinese Literature *special topic fall 1999*
Readings in translation of poetry, fiction, and biographies from Chinese literature. Consideration of the beliefs, concepts, structure of feeling and social relations in Chinese culture. May be repeated as the topic changes.

CLT 333-G Literary Genres: Novel *special topic fall 1999*
The development of the novel in the West from the 19th century to the present, focusing on the self's interaction with the external world as represented in different historical periods. May be repeated as the topic changes.

CLT 334-G The Philosophical Essay *special topic fall 1999*
Consideration of the philosophical essay as a textual activity linking it to distinct literary and historical traditions and to specific philosophical questions including the relationship between nature and experience; language and myth; art and work; text and writing; culture and knowledge. Readings include selected essays from Montaigne, Descartes, Kant, Rousseau, Shelley, Emerson, Kierkegaard, Barthes, Kristeva, and Derrida. May be repeated as the topic changes.

CLT 361-G Literature and Society *special topic fall 1999*
See department for course topic and description.

ECO 351-F Policy Analysis *special topic fall 1999*
Exploration of critical policy questions of current issue. Topics may include child welfare, early childhood education, welfare reform, youth employment and development, health care reform, social security, homelessness, poverty, unemployment, economics of the aging, and the significance of race and gender in economics. May be repeated as the topic changes.

Prerequisite: ECO 303

ECO 352-F Economics of Imperfect Competition *special topic fall 1999*

An examination of markets with differentiated models. Topics includes vertical and horizontal differentiation, models of collusion, auctions, research and development, and the rate of technological change and how it is affected by regulations and the market structure. Examples are drawn from such high-tech industries as telecommunications. May be repeated as the topic changes.

Prerequisite: ECO 303

ECO 353-F Modern Portfolio Theory *special topic fall 1999*

Portfolio analysis is concerned with finding the optimal group of securities to hold. Topics include mean variance portfolio theory, expected utility theory, capital asset pricing models, and efficient markets. May be repeated as the topic changes.

Prerequisite: ECO 303

EGL 352-G Faulkner, Cather, and Stein *special topic fall 1999*

See department for course description.

EGL 369-K Ethnicity *special topic fall 1999*

See department for course description.

EGL 372-G Ecofeminism and Literature *special topic fall 1999*
See department for course description. Crosslisted with WST 372.

EGL 374-G Odyssey and Ulysses *special topic fall 1999*
See department for course description.

EGL 377-G Fashion in Literature and Culture *special topic fall 1999*

Consideration of the ways the fashion system functions in the 19th and 20th centuries through study of writing in popular culture such as magazines, advertisements, films, and other media, and in some of the great literature in England and America. May be repeated as the topic changes.

FRN 433-G The Theme of Love in 17th-Century French Literature *special topic fall 1999*

Close readings of works by Molière, Racine, Corneille, Mme de Lafayette, and La Rochefoucauld around the theme of love and its representation in the literature of the classical period. May be repeated as the topic changes.

FRN 442-G The "Stranger" in French Literature *special topic fall 1999*

Study of the stranger as Rousseau's "solitary animal," the individual who views all forms of community as threats to the self. Representative authors include Rousseau, Chateaubriand, Gide, Sartre, and Camus. May be repeated as the topic changes.

HIS 390-I Early and Medieval Christianity *special topic fall 1999*

A survey of Christianity from its Jewish roots through the high water mark of the medieval Church in the 14th century. Topics include the emergence of the new religion, the establishment of biblical texts, the role of saints, the papacy, church-state relations, and monasticism. May be repeated as the topic changes.

HIS 393-I 20th-Century Britain *special topic fall 1999*

An examination of social, cultural, and political developments in Britain, with particular emphasis on the post-1945 period. Topics include women, war and the welfare state; domestic responses to international fascism; the rise and fall of the Left; popular and literary cultures of the 1950s and 1960s. May be repeated as the topic changes.

HIS 396-F Class and the Corporation in Modern America *special topic fall 1999*

A survey of the history of class difference in America from the late 19th century through the 1980s. Topics include intersections of class issues with corporate change; middle versus working class experiences; the makings of class through work, neighborhood, shopping and popular culture; and shifting roles of gender, race, ethnicity, and immigration in class formation. May be repeated as the topic changes.

HIS 397-K American Pluralism—Asians and Pacific Islanders in American History *special topic fall 1999*

Introduction to historical factors that have molded Asian Pacific American life. Themes include gender, immigration, labor and mass media. Groups studied include immigrants to the U.S. from China, Japan, the Philippines, Vietnam, Korea, and South Asia. May be repeated as the topic changes.

HIS 399-F Street Gangs *special topic fall 1999*

Survey of the history of the American street gang and its changing image in popular culture, social science and state policy. May be repeated as the topic changes.

HIS 401 Women and Gender in Georgian England *special topic fall 1999*

The roles and representations of women and gender in 18th-century England. Topics include Enlightenment constructions of gender and sexuality, literary representations of male and female roles, and the factors that shaped the rhetoric of gender in the lives of women and men. May be repeated as the topic changes.

HIS 411 World War II—A Simulation *special topic fall 1999*

A simulation of great power and ideological conflict in the world from 1936 to 1946. Students are organized into national teams and attempt to maximize their national and ideological objectives within the framework of an instructor-operated simulation model. Wars may or may not occur during the course of the simulation. May be repeated as the topic changes.

HIS 412 The Third Pandemic: The Black Death and the Yellow Peril in Modern Times *special topic fall 1999*

Examination of the social history of the third pandemic. Topics include sanitary reform and the restructuring of the colonial metropolis; indigenous versus imperial conceptions of the body, disease and public health; communal resistance to militarized plague eradication campaigns; the synergy between plague and famine; the 'bacterialization' of the Yellow Peril; and plague, pogrom, and slum eradication in the United States. May be repeated as the topic changes.

HIS 413 Gender and American Popular Culture *special topic fall 1999*

Analysis of how and why cultural practices shape identities on both the personal and community levels. Consideration of the influence of music, film, television, sports, and fashion. May be repeated as the topic changes.

HIS 414 The History of the Body *special topic fall 1999*

Exploration of how notions of the human body have varied across different times and places, including changing views of gender and race, and of disease, death and their bodily causes; interactions between lay and scientific notions and practices toward the body; and the ways the body's matter and meaning have evolved in tandem with cultural and social transformations. May be repeated as the topic changes.

HIS 441 Gandhi and Anti-Colonial Revolution *special topic fall 1999*

Reading of works by Gandhi and others toward an understanding of colonial revolution in India and around the world. May be repeated as the topic changes.

HUE 269-I Modern Poland *special topic fall 1999*

Introduction to the world of modern Polish culture. Literature, the arts and the media are presented in their historical context with a focus on the formation of modern Polish national identity, and on contemporary writers' and filmmakers' attitudes toward the political and artistic legacies of the past. Guest lectures on Polish history and the country's post-1989 transition to democracy.

HUI 331-G Primo Levi and the Holocaust in Literature *special topic fall 1999*

A study of the Holocaust as portrayed in literature, focusing on authors of various cultural backgrounds, including Primo Levi, Elie Wiesel, and Isaac Bashevis Singer. May be repeated as the topic changes.

HUS 361-G Identify as Performance (in English) *special topic fall 1999*

Examination of Latino/a literature and performance as ways of redefining racial, gender, and sexual orientation identities. May be repeated as the topic changes.

ITL 426 Italian Linguistics *new course*

An examination of the linguistic evolution and the synchronic structures (phonology, morphology and syntax) of standard Italian and some Italo-Romance dialects.

Prerequisite: ITL 311 or 312

3 credits

ITL 441-G The Emigrant Experience in Modern Italian Literature *special topic fall 1999*

Immigrant autobiographies and works on the immigrant experience by major writers. Consideration of identity-construction and cultural memory and projection, including construction of the American myth in Italy and of the Italian myth and Italian identity in America. Readings include works by Pascoli, DeAmicis, Prezzolini, Iannace, and Margariti.

JDH 369-G Genesis *special topic fall 1999*

Investigation of some of the ways Genesis has been interpreted through history, including the traditional Christian reading and the Rabbinic understanding. Higher Biblical criticism is studied as a reflection of 19th-century historicism and science. Modern interpretations include psychoanalytic, structuralist, anthropological, and literary. May be repeated as the topic changes.

JDS 390-F Women's Voices in the Hebrew Bible *special topic fall 1999*

Examination of women's position in the socio-political structure of biblical times and the development of stereotypes and paradigms of women, often influenced by literary conventions. Consideration of

women in the professions and institutions, including community leaders, queens, wise women, prostitutes, goddesses, and magicians. May be repeated as the topic changes.

KRH 331-J Buddhist-Christian Dialogue *special topic fall 1999*
Comparison of the two religions with special attention to the theme of compassion in both traditions, and to their interactions with one another in Korea. May be repeated as the topic changes.

KRH 332-J Intellectual History of East Asia *special topic fall 1999*

Study of the influences and consequences of major currents of thought in East Asia. Exploration of the origins of the great intellectual traditions of China as well as the transformation of these traditions as they were creatively assimilated in Japan and Korea. May be repeated as the topic changes.

LHD 301 Mighty Masculinity *special topic fall 1999*

Examination of how men and masculinity are perceived and how definitions have changed over the century, with consideration of male experiences in childhood, adolescence and adulthood, and changing lifestyle choices. May be repeated as the topic changes.

LHD 302 Children of Divorce *special topic fall 1999*

Sociological examination of the ways in which children respond to divorce. May be repeated as the topic changes.

LHD 401 Medicine Wheel *special topic fall 1999*

Consideration of native rituals and spiritual ceremonies designed to create harmony and balance for the earth and its inhabitants. May be repeated as the topic changes.

LIN 427 Bilingualism *special topic fall 1999*

Introduction to individual and societal aspects of bilingualism. Topics include types of bilingual societies; factors determining language choice; patterns of code-switching and code-mixing; processing of multiple languages in the brain; and the relationship between language and ethnic identity and biculturalism. May be repeated as the topic changes.

LIS 201 Introductory Seminar in International Studies *revised course*

Only the number has been changed.

LRN 104-G The Person *revised course*

The first course in a two-semester sequence providing a broad cross-disciplinary approach to the study of the humanities and social sciences while laying the foundation for future academic success by fostering critical and conceptual skills through collaborative research projects. Issues associated with human identity and human values are examined in the context of modern social, psychological, and humanistic thought on learning, perception, cognition, and the self, including representations of the person and the self in literature and the arts.

MUS 101-D Introduction to Music *revised course*

Not for credit after MUS 130.

MUS 119-D Elements of Music *revised course*

Not for credit after MUS 130.

MUS 122 Beginning Keyboard *new course*

Basic keyboard skills, including reading in clefs and rudimentary technical competence.

Prerequisite: Placement by undergraduate musicianship examination

Corequisites: MUS 121 and 321

MUS 130-D Sound Structures *new course*

Development of strategies for informed listening, analysis, and writing about music. Topics include timbre and sonority, meter and rhythm, melodic design, form, organization of pitch and harmony, and interactions between music and language. Repertory is drawn from a wide range of historical periods and cultural contexts. Considerable emphasis on writing and on acquiring concepts and vocabulary appropriate to diverse types of music.

Prerequisite: Primarily intended for prospective music majors and minors; others with sufficient musical background by permission of instructor

3 credits

MUS 450 The Schumanns and the Romantic Era *special topic fall 1999*

Examination of the creative and romantic partnership of performer Clara and composer Robert Schumann and how they fit into their culture. May be repeated as the topic changes.

PHI 373-G Islamic Philosophy *special topic fall 1999*

A survey of the main thinkers and ideas of the Neoplatonic, Aristotelian tradition as it took form in Islamic civilization. May be repeated as the topic changes.

PHI 374-G Philosophy of the Body *special topic fall 1999*

See department for course description.

PHI 378-K Race, Ethnicity, and Gender in Asian American Studies *special topic fall 1999*

Critical examination of the experiences of Asians in the Americas through historical texts, literature, and film and consideration of the concepts of race, class, power, and gender in light of these experiences. May be repeated as the topic changes.

PHI 384-G Gender, Identity, and Moral Knowledge *special topic fall 1999*

How our understanding of our "identity" as, for instance, men or women, young or old, affects our understanding of ourselves as persons engaged in moral knowledge and moral interactions and determines moral action. Topics include women and the ethic of care; moral obligations and family life; obligations to racial, ethnic, or other groups. May be repeated as the topic changes.

PHI 400-G The Nature of Transitive Intelligence *special topic fall 1999*

Toward an understanding of the epistemology of the science of, for example, Darwin, Freud and Einstein. The limits of empiricist and idealistic epistemologies in the light of broader cosmological questions are also considered. May be repeated as the topic changes.

PHI 420 Freedom and Law *special topic fall 1999*

Consideration of the nature and limits of human freedom as a philosophical concern, especially as embodied in and constrained by law. Readings are drawn from traditional and contemporary philosophical resources and the literature of law and legal cases. May be repeated as the topic changes.

PHI 421 Research Track in Philosophy and Literature *special topic fall 1999*

See department for course description.

PHI 435 Philosophical Issues in Cyberspace *special topic fall 1999*

Examination of classical philosophical issues in the context of the electronic frontier. Issues include privacy, property rights, censorship and freedom of speech, self and community online.

PHY 313-H Mystery of Matter *new course*

Exploration of our understanding of the fundamental particles that are the constituents of all matter; how our understanding of them and the tools developed to study them affect aspects of contemporary society. Historical discoveries and their place in social and political institutions of the time are considered, along with issues of government funding and the cost to society. Includes discussion of developments at Brookhaven National Laboratory and their social as well as scientific impact.

Prerequisites: U3 or U4 standing; one D.E.C. category E course
3 credits

PSY 338-F Current Issues in Clinical Psychology *special topic fall 1999*

See department for course description.

RLS 421-I Gnosticism *special topic fall 1999*

Study of the Gnostic movement in the first centuries of the Christian era, including the problems of its origins, impact on the New Testament and early Christian thought, and role in the development of Neoplatonic philosophy. May be repeated as the topic changes.

RUS 491 Pushkin and the Golden Age of Russian Poetry *special topic fall 1999*

See department for course description.

SAS 381-G Indian Mythology *special topic fall 1999*

The major themes of Indian mythology and their evolution from the Vedas, through the epics, and the puranas. The major myths of Siva, Rama, Krishna, and the incarnations; their relation to religions (Hinduism, Buddhism, Jainism) and philosophy; their representation in poetry, dance, sculpture, and painting; and their influence on the arts

of several Southeast Asian countries. Revival of mythical elements in modern Indian literature and drama, and their use in contemporary culture, e.g., in politics, feminism, and advertising.

SAS 401 Language and Cultures of South Asians in the U.S. *special topic fall 1999*

Examination of language and cultural maintenance among South Asian communities (e.g. speakers of Hindi, Gujarati, Punjabi, Malayalam, Bengali, etc.) in the United States. Drawing from theories of language maintenance and language shift, the course examines efforts made by parents as well as the communities in general to maintain their language.

SOC 390-F Sociology of Men *special topic fall 1999*

Unraveling the mystery of "men's lives." Examination of the life experience, emotions, physical responses, ideas, and aspirations of men as they interact with women, with each other, and with themselves. A "life-course" perspective is used to understand the ways men's lives change over time as they grow up, learn and play with others, go to school, discover and experience their sexualities, become fathers, and grow older. Consideration of the ways in which men's experiences differ based on race, ethnicity, class, sexuality, and religion. May be repeated as the topic changes.

SOC 391-F Social Planning *special topic fall 1999*

Inquiry into the different rationales for the allocation of social goods—including schooling, social security, environmental protection, medical care, and other social desirables. Informing all discussions is consideration of the tension between models of allocation based on central planning (in which a single organization decides how things will be distributed) and models based on markets (in which "buyers" and "sellers" bid to reach satisfactory arrangements). May be repeated as the topic changes.

SPN 410 Spanish Women Writers of the Modern Period *special topic fall 1999*

Readings and discussion of works of 19th- and 20th-century Spanish women novelists including Castro, Pardo Bazán, Rodoreda, Laforet, Medio, Tusquets, Gaité, and Cubas. May be repeated as the topic changes.

SPN 435 Indoamerica and Its Literature *special topic fall 1999*

Discussion of works by native Latin American poets from the pre-Columbian period to the present, focusing on the ways these writers draw upon conventional culture, history, and aesthetics concepts to develop perspectives on contemporary culture and art. Consideration of Nahuatl, Quechua, Aymara, and Kuna poets. May be repeated as the topic changes.

THR 369-J Latin-American Dance *special topic fall 1999*

See department for course description.

WST 391-G Women in the Visual Arts *special topic fall 1999*

Survey of the lives and work of selected women architects, painters, and artists, including performance and installation artists, in conjunction with feminist writings in various fields toward an

understanding of if, how, and why the works reflect the ideology of gender. May be repeated as the topic changes.

Advisory Prerequisite: One ARH course

COLLEGE OF ENGINEERING AND APPLIED SCIENCES AND HARRIMAN SCHOOL OF POLICY AND MANAGEMENT

CEAS Majors and Minors

Department of Computer Science (CSE, ISE)

Enrolling in CSE and ISE Courses

- To enroll in CSE and ISE courses, students must:
 1. Have completed all prerequisites with a grade of C or higher. (Pass/No Credit grades are not acceptable to meet prerequisites.) For transfer students, official transfer credit evaluations must have been completed and approved and the relevant proficiency examination for lower division courses, given during the first week of each semester, must have been taken and passed.
 2. Attend the first class.
- Failure to satisfy the prerequisites or to attend the first class may result in deregistration.
- Priority for registration is given to students who have not taken the same course previously.
- Upper-division CSE and ISE courses are restricted to CSE and ISE majors.
- The Pass/No Credit option is not available to CSE and ISE majors for CSE and ISE courses.

Admission to the CSE and ISE Majors

Students who wish to be admitted to either the CSE or the ISE major should note that in meeting the course requirements for admission as listed in the *Undergraduate Bulletin*, the minimum grade point average for the listed courses is 2.8.

Department of Technology and Society (EST)

Requirements for the Minor in Technology and Society REVISED

Beginning with the Fall 1999 semester, all students must complete at least six EST courses (minimum 18 credits) with a minimum cumulative g.p.a. of 2.5. At least three of the six courses must be at the 300-level or above. No EST course that is counted towards the requirements for a student's major may be counted towards the EST minor requirements. EST 475 and 499 may each be used only once to satisfy requirements of the minor.

Course Descriptions

The courses below are special topics courses for Fall 1999 or have been added to the College curriculum or have been changed in some way since the publication of the 1999-2001 *Undergraduate Bulletin*. If a course has been "revised," only the revisions to the course information in the *Bulletin* are included here.

EAS 201 Oral Communication for Engineers *new course*

An examination and application of oral communication in a variety of contexts, including interpersonal, small group, and public speaking, focussing on the importance of communication in professional life as related to the technical field of engineering. The various roles and functions of speaking in such contexts will be the primary aim, with emphasis on: communicating with co-workers and supervisors; leadership in task groups (problem solving); writing and presentation of diverse and relevant speeches including informative oral reports and persuasive speeches.

Prerequisite: U3 or U4 CEAS major
3 credits

ISE 203 Using the Internet for Research *new course*

Presents methods of information retrieval from large databases and Internet resources. Emphasis on developing cognitive skills for effective information retrieval from web-based search engines and the very large textual databases that are increasingly available to end-users through the Internet. Includes the use of Boolean operators to retrieve relevant information. Students learn how to create search strategies, how to discern relevance in the research process, and they complete a project in which they apply these skills by thoroughly investigating a research topic and creating a website featuring the subject of their database research. Not for CSE or ISE major credit.

Prerequisites: CSE 103 or equivalent; U3 or U4 standing; permission of instructor
2 credits

HEALTH SCIENCES CENTER - Undergraduate Courses - Fall 1999

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus, Student Services Center, not in the Health Sciences Center. When west campus students register for a Health Sciences Center course scheduled in a fall module term code, this course counts towards the students' fall course load only, even if the module term code extends into the spring semester. Telephone registration may not be available for all Health Sciences Center courses.

**School of Professional Development (SPD)
REGISTRATION INFORMATION
Fall, 1999**

To Current SPD STUDENTS:

The semester begins Wednesday, September 1, 1999

This SCHEDULE booklet contains everything you need to know about course offerings, registration, payment, classroom locations, important phone numbers, academic calendars, and much more. Please note:

- LIBERAL STUDIES (LS) courses, required for the MA/LS Degree, are identified with a "REMARK" after such courses: AH/LS (Arts and Humanities), NS/LS (Natural and Applied Sciences), and SB/LS (Social and Behavioral Sciences). For example, see all "CEI" courses. CORE courses for the MPS Degree are also indicated with a "REMARK".
- Section numbers 21 are off-campus courses; Section 30 are courses given on-line; Section 50 are courses offered on Saturdays.
- Descriptions of SPD courses will be printed in the SPD FALL Bulletin which will be published and mailed to you in late spring. SPD course descriptions are posted on SPD's Web site at <http://www.spd@sunysb.edu>.
- Keep both your SPD BULLETIN and class SCHEDULE for future reference.

The Registrar's Office maintains a listing of closed and course changes on its Web site at <http://www.sunysb.edu/registrar/reghome.htm>

SPD ACADEMIC ADVISEMENT

If you have questions or problems in selecting courses, you may call SPD at (516) 632-7050 to SCHEDULE a phone or in-person appointment with an academic advisor. SPD advisors are available Monday-Thursday until 6 PM while classes are in session. The Administration Lobby Offices, will be open on Tuesday evenings until 7 PM during Fall and Spring (until 6 PM in SUMMER) to assist you with registration, billing, payment, etc.

NUMBER OF CREDITS FOR WHICH YOU MAY REGISTER

According to SPD policy, you may register for a maximum of 18 credits for the fall and spring semesters. Students registered for 1-11 credits are part-time and those registered for 12-18 credits are full-time.

REGISTRATION BLOCKS

Students born 1/1/57 and after will be blocked from registering unless the University Health Services Office has received proof of immunity for Measles, Mumps, and Rubella within thirty days of admission to Stony Brook. Call the Health Office at (516) 632-6740 for details. Students having any other office BLOCKS, such as Student Accounts or Traffic blocks will not be allowed to register. They are advised to contact the appropriate office to resolve the problem prior to Advance Registration, which begins APRIL 14, 1999.

CANCELLING OR WITHDRAWING REGISTRATION

Please remember: Once you register either in person, by FAX, or phone, you will be liable for tuition and fees, whether or not you receive a bill or make any payment, unless you formally cancel your registration. You are eligible for a refund of 100% of your tuition, only if you cancel or drop courses during the first week of classes. Refer to the Academic Calendar and the Tuition Liability Schedule found in the class schedule, or by visiting the Registrar's Web site: <http://www.sunysb.edu/registrar/reghome.htm>.

GRADUATION APPLICATION

Be sure to file an application with the SPD Office if you are graduating at the end of summer, 1999 (July or August). The deadline for applying for Summer I graduation is June 4, Summer II is July 9, 1999. Fall graduates may apply through September 24, 1999 for December graduation.

SPD REGISTRATION OPTIONS: Register Early

If you are matriculated in a masters degree or graduate certificate program, your class designator is G1 or G2 and you may begin TELEPHONE REGISTRATION on Tuesday, April 13. (G2s may begin at 3 PM and G1s may begin at 5 PM.) If you are non-matriculated GSP, your class is G0 (even if you are taking all undergraduate courses) and you may begin TELEPHONE REGISTRATION on Tuesday, April 13 at 7 PM. Telephone registration is the easiest way to register. However, you may also register by FAX with the **SPD Office only**; or in-person at the Registrar's office (**Please check the Registration Schedule for the first day of In-Person Registration**). The options are:

Telephone Registration : Call: (516) 632-1100

Refer to the Telephone Registration Instructions in this publication, which provides step-by-step Instructions and a Worksheet. The telephone registration system is available daily from 7 AM - 12 midnight including holidays. Remember, when using telephone registration you need:

- your PIN (Personal ID Number) which is your birth date in six digits (e.g. 102374 for October 23, 1974) Note: you may change this number to any six-digit number.
- your student ID number (Social Security number).
- specific Departmental Call NUMBERS which are required for telephone registration in lieu of course LETTERS. Refer to the list of these call numbers in this publication. They can also be found within the alpha listing of courses throughout the Schedule.

Remember, the earlier you register, the better course selection you will have. To avoid a late fee, you must register by Tuesday, AUGUST 31.

FAX Registration will be accepted prior to and up through Friday, MAY 28, 1999. **FAX registrations will only be accepted by the SPD Office.**

Prior to sending a FAX registration, be sure to check the Registrar's Web site for course cancellations or changes to course offerings:

Step 1: On a blank piece of paper, indicate the following information: Your name, ID(SS#), your home and business numbers, semester, title of course(s), and letters/numbers of course(s).

Step 2: FAX the above registration information to SPD at: (516) 632-9046 by 5/28/99.

In-Person Registration begins Friday, APRIL 23

In-person registration takes place in the 2nd floor lobby of the Administration Building at the Registrar's Office. Beginning Friday, April 23 matriculating students (G1 and G2) may register each weekday in person between 8:30 AM and 4 PM, except Tuesdays when registration takes place from 10 AM - 7 PM. (until 6 PM in Summer). Non-matriculating students begin in-person registration on Monday, April 26. We encourage you to use the telephones in the lobby area to register. If you need assistance, go to the Registrar's service window.

Late Registration

Late registration begins on the first day of classes, 9/1/99 with a late fee of \$30. Permission of the instructor, as indicated by his/her signature on the registration form, is required ONLY if classes are closed (filled to capacity) or the class indicates permission is required. If permission is not required for courses with available seats, you may continue to use the telephone system to late register for courses with available seats and drop courses through the end of the add/drop period, Wednesday, September 15. You are eligible for 100% refund only if you drop classes by 9/8/99.

HEALTH SCIENCES CENTER - Graduate Courses - Fall 1999

The Health Sciences Center courses listed below are available on a limited basis to non-HSC students. Permission of the instructor must be obtained prior to registration. Non-HSC students register for Health Sciences Center courses at west campus, Student Services Center, not in the Health Sciences Center. When west campus students register for a Health Sciences Center course scheduled in a fall module term code, this course counts towards the students' fall course load only, even if the module term code extends into the spring semester. Telephone registration may not be available for all Health Sciences Center courses.

Financial Aid – 1999/2000

If you need assistance in meeting your educational expenses for the 1999-2000 academic year, you can apply for financial aid. To begin the application process, you should:

- Complete the **1999-2000 Free Application for Federal Student Aid (FAFSA)** and mail it to the federal processor. Please use Stony Brook's Title IV school code, **002838**, and the correct name of the institution, **SUNY—Stony Brook**.
- Complete the **1999-2000 Express Tuition Assistance Program Application (ETA)**. Apply first using the FAFSA; if you indicate that you are a New York State resident and list at least one New York State school, HESC (New York State Higher Education Services Corp.) will send an ETA to your permanent address. Send the completed application to HESC in Albany. Stony Brook's TAP code is **0875** for undergraduate students, **5430** for graduates.
- Upon receipt of the data from your Student Aid Report (the document you receive after filing a FAFSA) via electronic tape from the federal processor, the Office of Financial Aid and Student Employment will send you an award letter indicating the amount and type(s) of financial aid for which you qualify. *Please review the Financial Aid Fact Sheet enclosed with the award letter for information about subsequent steps in the financial aid process.*

GRANTS

Federal Pell Grants are available to matriculated undergraduates only. Eligibility is determined by a federal formula established by Congress that utilizes information filed in the student's FAFSA. Awards at Stony Brook will range from \$400 to \$3125 for the 1999-2000 academic year.

Tuition Assistance Program (TAP) grants are available to New York State residents who are enrolled full time as undergraduate or graduate students in an approved degree program. The award range for the 1999-2000 academic year has yet to be determined by the New York State Legislature at the time of this printing. However, the current TAP awards range from \$100 to \$3085.

Federal Supplemental Educational Opportunity Grants (FSEOG) are awarded to undergraduate degree candidates who have exceptional financial need. Awards range from \$100 to \$1,000 and are made on a funds-available basis.

LOANS

Subsidized Federal Stafford Loans are made available through participating lenders to matriculated undergraduate and graduate students who have demonstrated financial need. The federal government pays the interest while the student is enrolled at least half time and for six months afterwards.

- **Undergraduate** annual limits: \$2,625 (freshman), \$3,500 (sophomore), \$5,500 (junior/senior)
- **Graduate** annual limit: \$8,500

Unsubsidized Federal Stafford Loans are available to all matriculated undergraduate and graduate students.

- **Dependent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program.
- **Independent Undergraduate** annual limits: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$4,000 annually for their first two years of study and \$5,000 annually for their remaining years of study.
- **Graduate** annual limit: the same as for the Subsidized Federal Stafford Loan minus amounts borrowed under that program. In addition, students may borrow up to \$10,000 for each year of graduate study.

Federal Parent Loans for Undergraduate Students (PLUS) are accessible to parents of dependent undergraduate students. The annual loan limit is the student's cost of education minus estimated financial aid. Applications are available at participating banks and the Office of Financial Aid and Student Employment.

Federal Perkins Loans are awarded to matriculated students with demonstrated need. Interest is deferred until nine months after the student ceases to be enrolled at least half time. Awards at Stony Brook average \$1,500 per year. Funds are limited and students must apply early to receive consideration.

WORK OPPORTUNITIES

The Federal Work Study (FWS) and FWS Community Service programs provide employment opportunities to students who are enrolled at least half time in an approved degree program. The amount of the award is based on the student's financial need. Funds are limited and students must apply early to receive consideration.

To receive financial aid for the 1999-2000 academic year, you must follow through on **all steps** of the financial aid process:

- Accurately complete applications and mail them to the appropriate processor in a timely manner.
- Submit all requested documentation, including a completed award letter, to the Office of Financial Aid and Student Employment.

UNIVERSITY BURSAR OFFICE PAYMENT POLICY

After registering for the **Fall 1999 semester**, all students will be sent a billing statement for tuition & fees with instructions for making payment. If the student does not receive a billing statement within 28 days after registration, it is the student's responsibility to contact Students Accounts for a billing statement and pay the full balance by the due date.

- Students with outstanding balances will receive multiple statements throughout each semester. Each billing statement will list the amount due to the University. Tuition, fees, and other university charges assessed on each billing statement **will be due in full by the due date appearing on your statement**. Any unpaid charges from the previous statement, including accrued late fees, will be brought forward and additional charges, payments, and credits will be shown.
- **University billing statements are sent to the home address on file with the Office of Records. Billing statements for international students are sent to their local address. EVERY student is responsible for making sure that a correct address is on file and must inform the Records Office of any change of address. Failure to receive a bill due to an incorrect address will not be accepted as a reason for waiving late payment fees.**
- The billing statement also will show and subtract any authorized deferments in the calculation of the amount due. These include Pell grants, Stafford loans, TAP and tuition awards. Students must have proof of approved aid, waivers, or scholarships in order to properly defer payment. **Without satisfactory evidence to defer, students are expected to pay charges up front and wait for reimbursement when the aid, waiver or scholarship funds are actually received. Students should apply early for any financial aid they expect to use to pay their university bill.**
- Students are encouraged to join our **Time Option Payment Plan** as they wait for their financial aid to be finalized.
- **Students can always check their student account status by using the Automated Telephone System (516-444-6272 / option #4) or at the Billing Questions window in the Student Services lobby or at the Student Accounts office.**

Payment Instructions: Payments made by check or money order must be made payable to **Stony Brook University**, and sent to **PO Box 619, Stony Brook, NY 11790**. If paying by credit card, you may access our Automated Telephone System at 516-632-1100 with a touch-tone phone to charge tuition & fees to VISA, Mastercard, Discover and American Express. **Any payment that fails to clear is subject to a \$20.00 handling fee and may be subject to a \$30.00 late payment fee.** Payments made by return mail should include the bottom portion of the statement (to ensure proper credit to the account), and sent in the return-addressed envelope provided with the bill. Mailed payments must be postmarked by the due date to avoid the late payment fee. Students are encouraged to pay by mail or by telephone in order to avoid lines at the Bursar. **All payments should include your University ID number for prompt and proper credit to your account.**

Late Payment Fee: Failure to pay the amount due by the due date will result in an automatic assessment of the incremental late payment fee of \$30.00. Incremental late payment fees, up to \$90 per semester, will be assessed on all accounts not completely paid by the due dates indicated on each successive account statement. Pending financial aid will not be accepted as a reason to waive late payment fees.

Time Option Payment Plan (TOPP): The Office of Student Accounts offers the **Time Option Payment Plan** which allows for the budgeting of tuition and fees expenses on a monthly basis. There is a processing fee to help defray the administrative expenses of the program. For further information, please call **Student Accounts at 516-632-6175**. Enrollment forms are found in the **Fall 1999 User's Guide**, which are sent with the bills and also are available in the Student Services Center. **The deadline for Fall 1999 enrollment in the TOPP program is September 21, 1999.**

DELINQUENT ACCOUNTS: **Students with any outstanding balance on their student account are not eligible to register at the university or participate in room selection.** No student may receive a degree, certificate of completion or transcript until all charges due to the university or any of its related divisions are paid in full. **Delinquent accounts may be transferred to private collection agencies and/or the New York State Attorney General's Office for collection, and are subject to additional interest and / or collection charges.**

REMEMBER THAT YOU ARE RESPONSIBLE FOR:

Knowing that you are registered for classes and what classes you are registered for,
paying your student account in full by the billing due date,
and understanding and following the correct procedures to withdraw from classes.

UNIVERSITY BURSAR OFFICE PAYMENT POLICY (continued)

TUITION & FEE LIABILITY

Students who officially withdraw from the University or reduce the number of credits for which they are registered may be entitled to a proportionate refund of tuition paid or proportionate adjustment of tuition charges.

The first day of classes as scheduled by the campus shall be deemed to be the first day that classes are offered, as scheduled by the academic calendar. The Fall 1999 semester liability schedule is:

<u>Withdrawal Date from:</u>	<u>Tuition Liability</u>	<u>Tuition Refund</u>	<u>Fees Liability</u>
On or before 9/8/99	0%	100%	0%
9/9/99 - 9/15/99	30%	70%	100%
9/16/99 - 9/22/99	50%	50%	100%
9/23/99 - 9/29/99	70%	30%	100%
On or after 9/30/99	100%	0%	100%

During 0% liability, refunds will be processed and charges removed for tuition and all fees (except the college fee).

After 0% liability, tuition will be prorated according to the schedule above, and all fees are due in full.

Therefore, the last day to withdraw from classes without any tuition or fee liability is September 8, 1999.

After the start of classes, Campus Residences and Admission deposits will be forfeited. After 100% liability, a student is liable for the applicable percentage of tuition and all fees in full. Students who register for courses and who do not file the appropriate withdrawal or do not drop before the end of the fourth week of classes are liable for their full charges.

NON-ATTENDANCE OF CLASSES DOES NOT CLASSIFY AS AN OFFICIAL WITHDRAWAL, AND DOES NOT RELIEVE THE STUDENT OF HIS OR HER FINANCIAL OBLIGATION, OR ENTITLE THE STUDENT TO A REFUND.

CAMPUS RESIDENCES

When the residence halls are occupied at a level of 100% or greater of the regular designed capacity, residents who check out properly will be billed a pro-rated portion of the semester's room charge upon completion of the check out process. When the residence halls are occupied at a level below 100% of the regular design capacity, residents who check out will be billed the full semester's housing charge, with no proration. **Contact Campus Residences for more information.**

MEAL PLAN

Students who withdraw from the University will be billed a prorated portion of the meal plan up to, and including, the official withdrawal date. Prorations are calculated on a weekly basis, effective the date the Meal Plan Office was notified to cancel. **Contact the Meal Plan Office for more information.**

CANCELLATIONS & WITHDRAWALS

A student who is given permission to cancel his/her registration or who is withdrawing from classes shall be liable for payments of tuition and all fees in accordance with the liability schedule. **More details about the University's Refund Policy is available through the Student Accounts Office.**

All refunds or adjustments of charges are based on the date the withdrawal application is officially received by the Student Accounts Office, not on the date of the last class attended. If students are unable to cancel or withdraw in-person, written requests may be sent to the **Office of Records** or **faxed to (516) 632-9491**. The postmark of the letter or the date the fax is received will determine the amount of refund for which students are eligible. **Students are advised to retain a copy of the withdrawal letter for the Office of Student Accounts.**

REFUNDS

Based on State University of New York Policy 057.1, no money shall be refunded unless a formal written request is made **within one year** after the last day of the term for which the tuition and fees were incurred at the University. The student must submit in writing a request for full refund of tuition charges. All requests must be sent to: **Office of Student Accounts, 254 Administration Building, SUNY Stony Brook, Stony Brook, New York 11794.**

UNDERGRADUATE TUITION AND FEE INFORMATION

Please note that tuition and fee charges are as of 2/99, and are subject to change by official action of the State University of New York. Questions concerning these charges should be referred to the **Office of Student Accounts**.

TUITION-

New York State Resident Tuition: Part-Time Undergraduates (if registered for 1-11 credits) - \$ 137 per credit
 Full-Time Undergraduates (12 or more credits) - \$1,700 per semester

Out-of-State Resident Tuition: Part-Time Undergraduates (if registered for 1-11 credits) - \$ 346 per credit
 Full-Time Undergraduates (12 or more credits) - \$ 4,150 per semester

MANDATORY REGISTRATION FEES

Student Activity Fee Full-Time Undergraduates (12 or more credits-*estimated*) - \$83.25 per semester
 Part-Time Undergraduates (fewer than 12 credits-*estimated*) - \$ 6.95 per credit

Comprehensive fee, consisting of:

College Fee Part-Time Undergraduates (fewer than 12 credits) - \$.85 per credit
