WELCOME to the UNIVERSITY AT STONY BROOK

Dear Students:

This is the Schedule of Classes for the **Spring 2004** semester. The semester begins on **Monday, January 26th**. To avoid a Late Registration Fee of \$40, you must be registered for at least one course prior to January 26th. Students may view their schedules and print them from the SOLAR SYSTEM web site or students may call the Telephone Registration system and hear all of the information pertaining to their schedule.

We recommend that you carefully read through this publication and also visit the Registrar's Home Page at: <http://naples.cc.sunysb.edu/Prov/newregweb.nsf> where we provide up-to-date, current information for your convenience. This publication and our web page will provide you with all of the necessary information needed to use and understand how the web and telephone registration systems work.

The following web addresses and telephones will serve to provide you with assistance for many of the questions that may arise in attempting to use the web or telephone registration systems.

SOLAR SYSTEM **"LOGIN"** website – www.stonybrook.edu/solarsystem

(This page is also used to post important messages to students)

SOLAR SYSTEM **Info site** at – www.stonybrook.edu/solarsystem/info

Telephone Registration System - Call (631) 632-1700 to access the system.

For problems and/or questions regarding passwords and pin numbers – Call (631) 632-1800 or file a Trouble Ticket via the Solar System.

For changes to course offerings appearing in this publication, please refer to the SOLAR SYSTEM web site for the most up-to-date information. Use the Class Search feature to view the most current course information. You may also view and print a weekly updated Class Schedule Listing of course offerings by selecting the **Class Schedule link on the Registrar's Home Page** <http://naples.cc.sunysb.edu/Prov/newregweb.nsf/pages/class>

Spring 2004 registration begins on Monday, November 24th for Graduate students. Undergraduate registration begins on Monday, December 1st. Check the Solar System prior to registration beginning for your assigned appointment information. You will have to LOGIN to the Solar System to view your appointment day/time.

The staff of the Registrar's Office wants to extend their best wishes for a successful semester.

Beverly Rivera
University Registrar

Although this Schedule of Classes was prepared based on the best information available at the time, all information (including the academic calendar, course offerings, and calendar events) is subject to change.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Federal Family Educational Rights and Privacy Act of 1974, as amended, sets out requirements designed to protect the privacy of students concerning their records maintained by the campus. Specifically, the statute and regulations govern access to student records maintained by the campus and the release of such records.

University of Stony Brook is authorized to release "Directory Information" concerning students. Directory Information includes:

Student's name, addresses (including email), telephone numbers, date and place of birth, major field of study, class, participation in officially recognized activities and sports, weight and height of members of athletic teams, likenesses used in University publications, dates of attendance, degrees and awards received and previous institutions attended.

The above-designated information is subject to release by University at Stony Brook at any time unless USB receives prior written objection for the student. **Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act.** Forms requesting the withholding of directory information are available at the Registrar's Office, 2nd floor or the Administration Building. Please be sure to bring your identification card with you in order for changes to be processed to your academic record.

University of Stony Brook is authorized to provide access to student records to campus officials and employees who have legitimate educational interest in such access. These persons are those who have responsibilities in connection with campus academic, administrative or service functions or a person or company with whom USB has contracted (such as the National Student Loan Clearinghouse) and who have reason for using student records connected with their campus or other related academic responsibilities.

Although this schedule of classes was prepared based on the best information available at the time, the information included in this schedule is subject to change.

HOW AND WHEN TO ENROLL IN CLASSES

Enrollment Appointments:

Enrollment appointments are a date and time, determined by your class status, credits earned prior to your Fall 2003 and courses in progress. Your enrollment appointment will be the first opportunity when you can begin enrolling for classes. You may attempt to enroll either through the web or through the telephone registration system. You can continue registering any time after your appointment, through the end of the add/drop period, during the hours of 8 AM to 11 PM.

Your enrollment appointment will be posted on your SOLAR web page at www.stonybrook.edu/solarsystem. Login to your Solar System account, go to the "Enrollment Appointment" link and view your enrollment appointment.

Graduate students (non-SPD) WHO WERE NOT enrolled for Fall 2003 must contact the Graduate School (631) 632-4724. SPD/GSP student's who have not been enrolled since Fall 2002 must contact SPD at (631) 632-7050 to have their record activated. SPD will issue enrollment appointments for matriculated students who have been activated by the SPD office.

Re-matriculating Undergraduates from the College of Arts and Sciences (who have not been in attendance for four semesters) must meet with an academic advisor. College of Engineering & Applied Sciences (who have not been in attendance for one semester) should visit the Registrar's Office to complete a "Re-matriculation form". Once this has been done, the student is required to meet with the academic advisor of their major.

Re-matriculating students **WILL NOT** be assigned enrollment appointments.
These students will be eligible to register as of the **Open Enrollment Period - December 17th**

New freshmen and transfer students will enroll for courses during their scheduled Orientation Program.

Non-matriculated Undergraduate and Graduate (SPD/GSP) students will NOT be issued Enrollment Appointments.

Non-matriculated undergraduate and graduate students will begin to register as of the **OPEN ENROLLMENT PERIOD - December 17th, 2003**.

Web Enrollment & Telephone Registration (632-1700)

To access the SOLAR website at www.stonybrook.edu/solarsystem, use your Stony Brook ID and your current password. Students' signing on to the Solar System for the first time will need their SBID# and their PIN as the initial password (In most cases this is your DOB, mm/dd/yy). The system will force you to change your password before you can proceed to enroll. This will become a password for web use only.

Enrollment Calendar

Check the SOLAR System for your exact registration start time -
ENROLLMENT APPOINTMENTS will ONLY be assigned to current students.

Current Students will be able to view their assigned ENROLLMENT APPOINTMENT for
Spring 2004 Registration via the SOLAR SYSTEM - Monday, November 17, 2003

Graduate Students (G1-G5)

Appointments will be assigned with a starting date beginning November 24 through 26th

Undergraduate Students (U1 - U4)

Appointments will be assigned with a starting date beginning December 1 through December 16th

⇒⇒⇒ **Non-matriculated Undergraduates & Graduate students - (G0 & U0) & Re-matriculating undergraduates****

Registration will begin as of the **Open Enrollment Period - December 17th**. Appointments will not be required.

NOTE: Current Undergraduates and Graduate students will be assigned appointments based on their level (U1-U4; G1-G5), total credits earned prior to the Fall 2003 semester and in-progress credits. (See Classification Codes below). Undergraduate students who have been suspended or dismissed WILL NOT be eligible to register.

Classification Codes (Student Levels)

Graduate Students

- G5 - PhD student advanced to candidacy
- G4 - PhD student with 24 or more earned credits
- G3 - First year PhD student
- G2 - Master's student with 24 or more earned credits
- G1 - First year Master's or Advanced Certificate Student with less than 24 earned credits

⇒ **G0 - Non-matriculated student**
(See above note)

Undergraduate Students

- U4 - (Senior) 85 or more earned credits
- U3 - (Junior) 57 - 84 earned credits
- U2 - (Sophomore) 24-56 earned credits
- U1 - (Freshman) 0-23 earned credits
- ⇒ **U0 - Non-matriculated, Visiting student**
(See above note)

REGISTRATION MODIFICATIONS

- **How does a student get PERMISSION TO ENROLL in a closed or permission-required class?**

If the instructor is approving your request to be added to a course, the instructor will add your name and SB ID# to their "Permission to Enroll" form. The instructor returns the form to the department administrator who then checks to see if seats are available in the class. To check if permission has been granted, you must LOG ON to the Solar System and read your messages. The **BRIGHT RED MESSAGE** link in your Solar account indicates that you have a message **TO BE READ**. The message states that you have permission to register into a specific class. The message provides the course#, section#, class# and **expiration date by which you must register**. You may also register using the Telephone Registration System. (631 632-1700). When using the telephone system, students must use their SB ID# and their PIN# (not the password used on the Solar System). If a registration block prohibits you from registering, you must first clear up the block. If this causes you to exceed the expiration date, you must then return to the department. If seats are still available, the department simply has to change the expiration date to the permission previously issued. When changing the expiration date the department must not exceed the add/drop deadline. If the permission approved will **EXCEED** your permitted credit limit, you will not be able to register. You must then petition for an overload OR drop a course to keep you within your approved credits.

- **WAITLISTED Courses:** Check the COURSE NOTES to determine what departments will be using waitlists. Students attempting to register for waitlisted courses must place themselves on the "waitlist" via the web *SOLAR SYSTEM* or telephone (632-1700). Students will have to continue to check their position on the waitlisted course(s). Students will receive a message when they have been registered from the waitlist. Students **will not** be able to place themselves on a waitlisted course the first week of classes. Students who have placed themselves on a waitlist have the opportunity of getting into a class if a seat becomes available up to the add/drop deadline (Check the Academic Calendar). **NOTE:** The system will automatically add your registration. If a student **DOES NOT** wish to be registered for the waitlisted course, it is the student's responsibility to drop from the waitlist. If a student is registered from the waitlist, the student is responsible for tuition resulting from the registration.

******NOTE: Students who are on a waitlist, who have a scheduled course at the same time as the one they are waitlisted for WILL NOT be registered from the waitlist even if a seat opens up. This also applies when you when you attempt to place yourself on the waitlist for a different section of the same course. Students faced with these scenarios are advised not to place themselves on the waitlist.***

- **SECTION CHANGES:** Students wishing to change sections must do so through the academic department. The department will provide you with permission to register into another section. Student can confirm that he/she has been granted permission by viewing and reading the MESSAGE link upon logging into the Solar System. The Student **MUST** then **DROP** the section he/she is registered in **BEFORE** attempting to register for the new section of the course. **Check the Academic Calendar for the last day to process a section change without a petition.**

- **CREDIT CHANGES:**

Undergraduate students registered for variable credit, permission required courses, who have registered for the wrong number of credits, can have their credits adjusted by the Registrar's Office if **they have been granted permission on the Solar System from the department**. The Registrar's staff will check the system for the permission and update the registration based on the credits approved by the department. **This credit change must be processed by the add/drop deadline (Check the Academic Calendar for date).**

Graduate students whose variable credit course credits need to be changed, may contact the Registrar's Office for assistance. If permission to register is required and the department has issued permission, we will check the system and assist the student in adjusting the credits. If permission is required and permission has not been issued, the student will need to contact the academic department. **This credit change must be processed by the last day to add courses.**

Visit the Registrar's Office, 2nd Floor Administration Bldg., (or Call: 632-6175, select Option 1)

SOLAR SYSTEM

Instructions

www.stonybrook.edu/solarsystem

When you enter the SOLAR System, you can ...

- Enroll in classes
- Add, drop, "swap" or waitlist for some classes
- View your academic record
- View your financial aid and billing information
- Update your personal information
- Check student employment opportunities and enter your hours worked.

To log on to the SOLAR System:

1. In the Login ID field, type your Stony Brook ID.
2. In the Password field, type your current pin.
3. You will be prompted to change to a new password during initial login.
4. Click Login.

Getting Started

1. Stony Brook ID and Password:

If you're a new student, you'll receive your Stony Brook ID upon admission; your initial password is your six-digit birth date (e.g., 080284 for August 2, 1984).

If you're a continuing student, get your Stony Brook ID at a SOAR terminal or by logging onto SOAR through the Web (at www.stonybrook.edu. Select FOR STUDENTS).

Your initial password is your PIN.

2. E-mail Messages and Alerts:

To receive e-mail notification that you have messages waiting for you, it's important that your e-mail address is accurate and up-to-date. Check your SOLAR System Welcome Page frequently for messages, such as holds on enrollment transactions, permission to enroll, financial aid requirements, etc. Instructions about what you need to do

and whom you must contact will be displayed. **Holds must be resolved before enrolling.**

Computer Browser Requirements

To access the SOLAR System, it's best to use the latest version of Netscape or Internet Explorer.

Other requirements:

1. 128-bit security
2. Ability to run Java applets
3. Per-session cookies must be enabled

For more details on browser versions and for instructions on how to meet these requirements, please refer to the SOLAR System infosite at www.stonybrook.edu/solarsystem

Setting Your User Preferences

When you first log on to the SOLAR System, you must set your user preferences and change your password. These settings will be used to search for your records and will save you time. Update the term each semester; others you can update as needed.

1. Click Your Portfolio, then User Preferences.
2. If your preferences are correct, click Keep These Defaults.
3. To change your defaults, select "Your Institution" from the drop-down list, and click Select Career.
4. Select your academic career from the drop-down list, and then click Select Term.
5. Select the term from the drop-down list, and then click Select Aid Year.
6. Select the financial aid year from the drop-down list, and then click Review Selections.
7. After checking to make sure everything is correct, click Save New Values. Then log out, and log back in to make the changes effective.

Changing Your Password

1. Click Your Portfolio, then Change Password.
2. In the Current Password field, type your current password.
3. In the New Password and Confirm New Password fields, type your new password. (It must begin with a letter.)
4. Click Change. Then log out, and log back in.

Changing Your PIN

Your PIN is your access to the telephone registration system. You can change it through the SOLAR System by clicking your portfolio, then change PIN.

Address, Telephone Number, and E-mail

Within Your Portfolio, you'll be able to change your local address, telephone number, and e-mail address. Click on the appropriate heading to update your information. **Because information will be sent to you by e-mail, it's very important that you maintain a valid e-mail address here.**

Enrollment

To access the enrollment functions, click **For Students**, and then click **Enrollment**.

Enrollment Appointment	to see when you can begin to enroll for classes
Enrollment	to add, drop, or swap classes
Your Class Schedule	to view your schedule
Class Schedule-Grid	to view your schedule in grid format

Enrollment Appointment

Click for students, then enrollment appointment. This tells you when you become eligible to enroll in classes through the add/drop period.

About Class Numbers and Components

Each section has a unique class number. For example, MUS 119:R02 (recitation 2) has the class number 1925. The class number will be displayed when you use the CLASS SEARCH function to locate a class. Use this number to enroll in the class whether you enroll through the Web or the phone system.

Many courses have multiple "components," e.g., lecture, recitation, lab. For most multiple component courses, you only need to enter the class number for the enrollment

component, usually the lab if there's a lab, or the recitation, if there's no lab. If you want to enroll in MUS 119, section 02, enter the class number 1925 (for MUS 119:R02, recitation 2). This will also automatically enroll you in the lecture associated with that recitation.

Adding Classes

1. Click For Students, click Enrollment, and then click Enrollment again. Your current class schedule appears. If you have not enrolled previously, no classes appear.
2. Click Add Classes to this Schedule (found at the bottom of the page).
3. In the Class Nbr field, type desired class number. To add more classes, click Add Another Request.
4. Click Continue. If the Related Class field(s) becomes available, type in the class number of the related lab, recitation, etc. If no Related Class field is available, proceed to Step 5.
5. Click Submit Request. If you encounter errors, click View Error Details for more information.
6. To view your schedule, click View Updated Schedule.

Course Catalog

The Course Catalog gives descriptions of courses that may be offered in any given term. Not every course is offered in every term.

1. Click Course Catalog.
2. Click the link for your catalog.
3. Click the appropriate subject.
4. Click Table of Contents to select a new subject.

Class Search

1. Click Class Search.
2. From the Term drop-down list, select the appropriate term.
3. Select at least two of the following search criteria:

Subject Area	Class Days
Catalog Number	D.E.C. Code
Open Only	Instructor Last Name
Course Title	Campus
Component	Location
Course Career	Session

4. Click Search.
5. To view a specific class, click the Class NBR.

Permission-Only Courses

Many courses require permission. If you need permission to get into a class, contact the department. Once you have been given permission, a notice will be sent to your account, accessible through the SOLAR System; you'll also receive an e-mail telling you that you have a message on the SOLAR System. (It's important to maintain a valid e-mail address.) You **MUST** enroll yourself once you receive permission.

Dropping and Swapping Classes*

1. Click For Students, click Enrollment, and then click Enrollment again.
2. Find the class you want to drop, click Drop This Class. To swap the class, click Swap This Class.
3. You'll be asked to confirm your choice; click Yes.
4. If you're dropping, click Yes to confirm your deletion.
5. If you're swapping, in the Class Nbr field, enter the desired class number; click Continue, then click Swap Class. (Refer to the Adding Classes section for more info.)
6. To view your updated schedule, click View Corrected Schedule.

*Subject to tuition liability and "W" recorded on transcript.

Reserves

Some courses have the note: "Some seats reserved for..." Departments may reserve some seats in popular courses for students in their majors or for seniors, among others. That's why it's important to declare your major and have it entered in the system. When you search for a course in the SOLAR System, you may find that it's open, but when you try to register, you may be told it's closed. This is because some seats are being reserved for certain students and only those seats are open. Departments monitor enrollments closely to ensure that seats in courses do not go unused.

Enrollment Assistance

If you need assistance with enrollment, contact the Registrar's Office at (631) 632-6175 and select Option 1. E-mail: www.registrarstaff@sunysb.edu.

Waitlisting

Some classes offer the option of "Add to Waitlist" if they are closed; you can identify which classes by the class note: "This course has an automatic waitlist." You should attempt to register for the course **FIRST**, even if you know it's closed, to find out if you'll have any problems getting in, such as time conflicts or overload of your allowed credit limit. You won't get into the class if you have problems. If all is clear, add yourself to the waitlist for the class by clicking the "Yes" button at "Add to waitlist" before you submit your registration request. A message telling you that you've been added to the waitlist will appear, and it will include your position on the list.

If a spot opens up for which you are eligible, a message verifying that you have been enrolled will be posted to your Messages account on the SOLAR System. You'll also receive an e-mail alert telling you that you have a message waiting for you on the SOLAR System. (This is why it's important to maintain a valid e-mail address.) If you were passed over on the waitlist because of a time conflict or because you would exceed your maximum allowed credits, you'll receive notification in the same way. You have to correct the problem to be eligible for the next opening.

If you no longer want to be on the waitlist, you must drop yourself from the waitlist just as you would drop a class.

IMPORTANT NOTE:

YOU WILL NOT BE ENROLLED FROM THE WAITLIST "IF":

- If you have another course at the same time,
- If you are already registered for another section of the course,
- Or if enrolling from the waitlist will put you over your total allowed credits

You will receive notification of the problem by a message to your Solar System page. The seat for which you were ineligible will not be held for you. If you resolve the problem, you will be enrolled in the **NEXT** available seat.

Student Records

To access your student records, such as unofficial transcript, and review your record, click

1. Academic Summary
2. Click **SUBMIT REQUEST**
3. Click **View Transcript Result.**
4. Click **SEARCH.**
5. And select the report, with your ID, that shows up in the search results.

Some hints on interpreting the transcript:

Career:

Undergraduate, graduate, medical or dental

Academic Program:

For west campus undergraduates, this is either CAS or CEAS. For graduate and east campus students, this will correspond to their "plan"

Academic Plan:

Your majors and minors.

Test Credit:

This appears at the top of the transcript and includes AP credit, Challenge Exam credit and placement exam information.

Transfer Credit:

This appears at the top of the transcript.

Grade Reports

To view your grade report at the end of the semester,

Glossary

- Academic career: the type of "career" you are pursuing (e.g., undergraduate, graduate).
- Class: a section of a course that is being offered in the current term.
- Class Number: (abbreviated "Class Nbr"): the number you use to enroll for a section. See "About Class Numbers and Components."
- Component: what type of class it is (e.g., lab, recitation, lecture, seminar, etc.)
- Course: has the potential to be offered as a class, but not every course is offered in every term.
- Course Number: the number that appears in the Stony Brook course catalog (e.g., 131, for PHY 131.)
- Enroll: register.
- Enrollment Appointment: the time at which you become eligible to enroll for classes. You can enroll any time after that.
- Holds: system blocks (e.g., financial hold, advising block) that may prevent certain enrollment transactions or issuance of diplomas and transcripts. Follow instructions to have the hold removed.
- Permission: if you've been given permission to enroll in a class, simply follow the steps for adding a class. The system recognizes your ID and allows you to enroll.
- Reserves: seats reserved in a class for a specific type of student (e.g., seniors, majors, minors, student group, honors college, etc.).
- Stony Brook ID: a unique ID number, not your social security number.
- Section: a class. Different class components are indicated by the section number (e.g., R01 means recitation 1, L01 means lab 1, T01 means tutorials 1.)
- "Swap this Class:" use to exchange or "swap" one class for another (adding and dropping in one transaction).
- To Do's: list of items that need your attention. Follow instructions or contact the person identified.

IMPORTANT NOTE !!!!!

Because information will be sent to you by e-mail, it is very important that you maintain a valid e-mail address at all times.

Go to the "Portfolio" link in your Solar System account and update your email information.

- **Saturday classes: Finals are scheduled for Saturday, May 15, 2004 during the scheduled class time.**

** The last exam of the course, whether comprehensive or covering only a portion of the material, must be given during the Final Exam Period. Exceptions may only be granted by the dean for compelling academic reasons. Students who find that a final exam has been scheduled during the last week of classes in any of their courses should contact the Office of Undergraduate Affairs at 632-7081.

NOTES:

1. To determine the time and date of your examination, find the time your class lecture meets (or the "common exam" box for large multi sectioned courses) and look to the left of the row to find the day of the exam, and to the top of the column for the time.
2. If your lecture meets one day a week at a non-standard time, the examination will be held at the previous standard lecture time (e.g., the exam for a class that begins at 10:45 A.M. on Monday will be held at the time indicated for classes that meet at 10:40 –11:35 A.M. on M/W/F).
3. Classes that meet on MW 5:00-6:50 will hold their exams during the MW 5:20-6:40 exam time slot and classes that meet on TUTH 5:00-6:50 will hold their exam during the TUTH 5:20-6:40 time slot.
4. Unless otherwise noted, the examination will be given in the room where the regular class is held.
5. It is the student's responsibility to plan a program that avoids exam conflicts and too many exams in the same day. Students taking evening classes must be especially careful to avoid exam conflicts between their evening course exams and the common exams. Instructors are not obligated to give makeup examinations to students.

important registration information for undergraduates

Automatic Waitlists

Some or all undergraduate courses in biology, chemistry, computer science, electrical engineering, and psychology will have an automatic waitlist, excluding crosslisted courses. You can identify a course that has an automatic waitlist by the class note: **"This course has an automatic waitlist."** You should attempt to register for the course **FIRST**, even if you know it's closed, to find out if you'll have any problems getting in, such as time conflicts or overload of your allowed credit limit. You won't get into the class if you have problems. If all is clear, add yourself to the waitlist for the class by clicking the "Yes" button at "Add to waitlist" before you submit your registration request. A message telling you that you've been added to the waitlist will appear, and it will include your position on the list.

If a spot opens up for which you are eligible, a message verifying that you have been enrolled will be posted to your Messages account on the SOLAR System. If you were passed over on the waitlist because of a time conflict or because you would exceed your maximum allowed credits, you'll receive notification in the same way. You have to correct the problem to be eligible for the next opening. If you no longer want to be on the waitlist, you **must** drop yourself from the waitlist just as you would drop a class.

IMPORTANT NOTE: YOU WILL NOT BE ENROLLED FROM THE WAITLIST:

If you have another course at the same time,

If you are already registered for another section of the course,

If enrolling from the waitlist will put you over your total allowed credits

You will receive notification of the problem by a message to your Solar System page. The seat for which you were ineligible will not be held for you. If you resolve the problem, you will be enrolled in the **NEXT** available seat.

Registering for courses that require permission

Permission is required if the course is restricted to certain students or if the instructor or the department is keeping a waiting list. Most independent readings and research courses and teaching practica also require permission. If you need permission at any point to register for a class, it will be noted in the class schedule. You should contact the department to receive permission to register.

Once the department has granted permission **on the system**, you'll receive notification that you can register—a message will appear when you log onto the SOLAR system and, if you've maintained a current email address, you'll receive email notification of the message. After you've been given permission, you'll be able to register through the SOLAR system or the telephone system. Permissions have an expiration date; this will be noted in the message. Be sure to use the permission by registering before it expires.

Do **NOT** take signed forms to the registrar's office; they will not be processed. If an instructor gives you a signed form, go to the department office.

Reserves

Some courses have the note: "Some seats reserved for...." Departments may reserve some seats in popular courses for students in their majors or for seniors, among others. When you search for a course in the SOLAR System, you may find that it's open, but when you try to register, you're told it's closed. This is because some seats are being reserved for certain students and only those seats are open. Departments monitor enrollments closely to ensure that seats in courses do not go unused.

important registration information for undergraduates

Enforcement of Prerequisites

Policies on prerequisites differ by department; in some cases, you will not be permitted to register unless you have satisfied the prerequisite. (The SOLAR system will check to ensure completion of the prerequisite.) If you believe you have satisfied the prerequisite by a transferred course, you may have to provide proof of this to the department before you'll be permitted to register.

Instructors assume you come into their courses having completed the mandatory prerequisites. You can have done this in three ways: by taking the prerequisite course; by transferring a comparable course; or through knowledge acquired by other means. Instructors have the option to de-register you if you do not have the proper prerequisites. If you want to take a course but have not completed the prerequisites, you should speak to the department offering the course.

Placement Examination Dates

The **Mathematics Placement Examination** will be given on Thursday, November 6th and Tuesday, December 2nd from 7:00-8:30 pm in room P-131 Mathematics building.

The **Writing Placement Examination** is now given on-line. The exam will be given during the weekends of November 14-17 and January 16-19. To sign up for the exam, contact Scott Campbell, Program in Writing and Rhetoric, Life Science Library Room L81, phone 632-7565.

Music Courses

The prerequisite for any course in the music major is the Undergraduate Musicianship Placement Examination. You must sign up for the exam **in advance** in the Department of Music office, Staller Center Room 3304, (631) 632-7330. The next exam date is Thursday, January 29th at 3:00 p.m. in Room 0111 Fine Arts. Contact Perry Goldstein, Director of Undergraduate Studies, by email at pgoldstein@notes.cc.sunysb.edu or by calling the Music Department at (631) 632-7330.

Instrumental and vocal instruction are available to all qualified students. If you want to enroll in one of the Performance Study courses, you must audition during the first week of the semester. See the Department of Music for instructions on enrolling.

Social Studies Secondary Teacher Preparation Program

Students must apply and be accepted into the program before they will be permitted to take the core methods courses and ECO 100. Students are strongly encouraged to speak with a program advisor and apply to the program no later than spring of the sophomore year to ensure timely progress through the program. Students wishing to student teach must submit an application form by October 15 for spring and by April 15 for fall.

Important Note: Both SSE 397 and 398 have a corresponding 1-credit field experience component (SSE 449 and 450 respectively) which is a required corequisite. Students must enroll in the *same sections* of each, e.g., SSE 397:02 and SSE 449:02 **and** the request to enroll in both of these classes must be submitted at the same time. If either of these conditions are not met, SOLAR will not accept the registration request.
