

An Invitation from:

Kenneth Kaushansky, MD, MACP, Senior Vice President, Health Sciences and Dean, School of Medicine
Steven L. Strongwater, MD, Chief Executive Officer, Stony Brook University Hospital

You're Invited

Commemorate the opening of our Cerebrovascular Center, part of the Institute for Advanced Neurosciences. The Cerebrovascular Center is a comprehensive clinical and research center for the diagnosis and treatment of acute stroke, brain aneurysms, atherosclerosis, AVMs, and blood vessel disorders of the brain and spine.

Friday, December 17 ★ Begins at noon
Stony Brook University Medical Center Lobby
RSVP at (631) 444-4000 ★ Light refreshments

LEARN about our advanced diagnostic, treatment, research, and training capabilities, and our state-of-the-art facilities.

- Three latest generation Siemens biplane angiography suites are equipped with high resolution and exquisitely sensitive flat panel technology.
- A pioneering neuroendovascular simulator will serve as a teaching and research tool in a separate research angiography suite that is equipped with the Siemens Artis zeego® angiography system. The Artis zeego® employs advanced robotic technology to provide virtually unrestricted positioning capabilities and is the first on the East Coast to be used for research and teaching.
- A new video integration system and conference room will allow for the most sophisticated training and education available in a university-based academic medical center.

MEET the people behind the Center:

- Henry Woo, MD,
Director, Cerebrovascular Center
- David Fiorella, MD, PhD,
Co-Director, Cerebrovascular Center
- B. Barry Lieber, PhD,
Director, Cerebrovascular Center for Research
- Raphael Davis, MD,
Chairman, Department of Neurological Surgery,
and Co-Director, Institute for Advanced Neurosciences
