SENATE

RESOLUTION DEMANDING COMPUTERS BE RETURNED TO THE SENATE OFFICE

Whereas, the primary purpose of the Senate is to conceive, cultivate and create legislation that is beneficial to and in the best interest of the Undergraduate Student Government;

Whereas, it is a universally accepted notion that only typed work is both professional and presentable;

Whereas, each of the Senators is required to complete a minimum of two hours of office hours each week, during which they are supposed to use that time to serve their constituents, potentially completing the primary purpose of the Senate;

Whereas, the weights of laptops can range greatly, and carrying the additional weight can be damaging to the spines of Senators who choose to lug their personal computers around with them; and

Whereas, it is incredibly difficult and infinitely tedious for Senators to work on legislation and resolutions in their office while the office lacks computers;

Resolved, by the Senate of the Undergraduate Student Government –

- (1) That it should be a priority of the Undergraduate Student Government that the Senators be provided with computer access so that they can faithfully serve and represent their constituents; and
- (2) That the Senate office shall be provided immediately with at least one computer, allowing Senators to make the most efficient use of their office hours, preventing them from working on personal projects while in the office.

Respectfully submitted to and passed by the Stony Brook Undergraduate Student Government Senate on this sixteenth day of September, 2010.

Alexander E. Dimitriyadi
Executive Vice President
