2. Innovative Technology Development Grant (ITD) Program

The Center for Biotechnology is pleased to announce the 2002 Call
for Applications for the Innovative Technology Development Grant
(ITD) Program. The ITD program supports a broad range of
commercially promising, translational research in all areas of
medical biotechnology, including research products, diagnostics,
or therapeutics. ITD grant funding is available to faculty at SBU
for translational research on the academic campus. Applications
must provide evidence for commercialization potential and be
consistent with the Centers' mission of economic development in
NYS. We encourage projects that are complementary to, and seek
collaboration with, the Center's Applied Bioscience Laboratories.
Faculty with interest or considering submission, are strongly
encouraged to contact Dr. Anil Dhundale, Director, Scientific
Affairs (anil.dhundale@sunysb.edu), prior to writing a full
proposal. Application forms can be downloaded from the Center's
web site at www.biotech.sunysb.edu or by calling 631-632-8521.
The deadline for receipt of written proposals is 5 p.m., Friday,
February 22, 2002.

3. Breast Cancer Prevention

The Cancer Clinical Trials office is still recruiting
participants for the STAR Study. In STAR, two drugs, Tamoxifen
and Raloxifene will be compared for their effectiveness in
reducing the risk of breast cancer. We are looking for
postmenopausal women ages 35 and older who are at risk for breast

cancer. You will be considered at risk if you have: 1) previous benign breast biopsy, 2) a mother or sister with breast cancer, 3) history of LCIS via excision only, 4) at least 1.66% projected 5 year risk of developing breast cancer per STAR Risk Assessment Form. If you need more information about this study, feel free to call the Clinical Trials Office at (631) 444-7913, and ask for Gerty Fortune, Clinical Research Nurse Coordinator.

9. Laser Eye Surgery (i.e. LASIK) at Stony Brook

The response to the establishment of a LASER REFRACTIVE SURGERY service at Stony Brook Ophthalmology has been phenomenal. In an effort to "stream-line" the evaluation process, we have established a new phone number ((631) 444-4996) dedicated solely to refractive surgery.

Refractive surgery (i.e. LASIK) can reduce one's dependence on glasses or contact lenses. The laser can now be used to treat many forms of near-sightedness (myopia), far-sightedness (hyperopia), and astigmatism.

A special discounted rate will be extended to all Stony Brook students, faculty, staff, and their immediate family members.

If you would like to learn more about LASIK (and other types of refractive procedures), or to schedule a FREE & INFORMATIVE consultation with our laser vision specialists, call (631) 444-4996.

10. Polaroid Stories - A play by Naomi Iizuka - Opens February 28th, Staller Center for the Arts

"Metamorphoses?" the old are whispering their secret tales, while the young are listening. With the help of Ovid's ancient stories, Naomi Iizuka has created the world of homeless kids - kids who live to disappear. Drugs, fear, love, music, sex and the desire to just simply leave the darkness of the labyrinth, forces each one of them to finally make a decision about life or death.

Due to its adult content, Polaroid Stories is recommended for audience members 14 years and older.

Polaroid Stories opens on Thursday, February 28th at 8 p.m. in Theatre II, Staller Center.

Other Performances are 8 p.m. March 1, 2, 7, 8, 9th and 2 p.m. matinees on Sunday, March 3 and 10th.

Tickets: \$10/general admission;/ \$8/faculty and staff; \$6/students and seniors. Call the Box Office at 632-ARTS.

13. Update on Laser Eye Surgery at Stony Brook

The response to the establishment of a LASER REFRACTIVE SURGERY service at Stony Brook Ophthalmology continues to be strong.

Two weeks ago, a new phone number ((631) 444-4996) dedicated solely to refractive surgery was created.

Our refractive surgery evaluations typically are scheduled on Friday afternoons. In an effort to further "stream-line" the evaluation process, and to accommodate our patients' busy

schedules, we have now added additional time for consultations on Tuesday afternoons.

As always, a special discounted rate will be extended to all Stony Brook students, faculty, staff, and their immediate family members.

If you would like to learn more about laser eye surgery or to schedule a FREE & INFORMATIVE consultation with our laser vision specialists, call (631) 444-4996.

22. Help Build the Habitat for Humanity Stony Brook House

Homelessness is on the rise on Long Island, but you can help break the cycle of poverty for a deserving family. Join our campus community and Habitat for Humanity as we work together to make a North Bellport family's dream of home ownership come true. It costs roughly \$60,000 in materials and services to build a house on Long Island. Stony Brook has committed to raising \$40,000; the balance is funded through Habitat for Humanity. Every department on campus and a variety of student groups are making plans to raise funds for their designated part of the house. So, take the Habitat Challenge calling for communities to eliminate substandard housing in their area within this generation. Support the Stony Brook House fundraising events and help us reach our goal. For more information, contact your department coordinator, or visit our web site on the YOCL page at www.stonybrook.edu.

35. OSC Mandates the use of the BTA for State Travel Airfare

STATE TRAVEL: On January 1, 2001, the Office of the State Comptroller mandated that all airline tickets for State funded travel must be purchased on the AMEX Business Travel Account. Travel arrangements must be made by contacting Austin Travel, the authorized State agency, located in the Main Campus Library Building. Please be sure to indicate the correct valid state account number funding your trip. The BTA policy reduces the need for "Out of Pocket" expenses, failure to comply with this procedure shall delay the processing of your travel reimbursement. Questions regarding the BTA can be directed to Rosalie Makarick of Procurement at 2-6022.
