Did You Know?

It was a busy weekend at Stony Brook Southampton, starting with Friday night's well-attended and significant lecture on a crisis in our oceans:

Over 90 people attended "Conservation of Endangered Marine Fishes in the World's Oceans" in Duke Lecture Hall on October 3, with **Dr. Ellen K. Pikitch**, Professor and Executive Director of Stony Brook University's Institute for Ocean Conservation Science. She spoke on the massive depletion of marine life in the world's oceans over the past 100 years due to man's fishing and negative influence on underwater habitats. The event was sponsored by The School of Marine and Atmospheric Sciences and Stony Brook Southampton. Look for a story about it in Dan's Papers this Friday.

A touching tribute to the late **Harry Marmion**, former President of Southampton College of LIU, was held in the Avram Theater on Saturday and numerous speakers included officials from Stony Brook University (President **Shirley Strum Kenny**), government (Congressman **Tim Bishop** and former New York City Mayor **David Dinkins**), the United States Tennis Association (including current President **Jane Brown Grimes**) and faculty and administration from the former Southampton College (former Chancellor **Robert FX Sillerman**, former Dean **Charles Hitchcock** and LIU professors **John Strong** and **Donald Baker**), along with Marmion's family and friends. Dr. Marmion was not only Southampton College's leader during its early years, but also was USTA President, spearheading the effort for the creation and naming of Arthur Ashe Stadium. About 350 people attended Saturday's event.

Also on Saturday was the culmination of **Family Weekend**, which, **Diane Redo**, Coordinator of Campus Recreation and Student Activities, reports: "I would say that we had 200 people during the course of a three hour span; we had recycled jewelry and records, the Town of Southampton came to support our events and the live music was soothing to the soul."

The Southampton Town Clerk's Office is looking for two **Records Management Interns**

immediately. Duties and responsibilities: "Interns will be working on projects that involve organization and research of building department records. They will be trained to navigate and input images on the town's computer system and to use document scanners to digitize records and maps.

Need to be organized, able to keep documents and images in proper order; must be patient and careful when handling older, more fragile records, and must be able to work with others." Pay: \$10 an hour.

Those interested should contact Town Clerk Sundy Schermeyer at

SSchermeyer@southamptontownny.gov or 631-283-5555.

One sale this week -- \$10 tickets (includes transportation) to **Six Flags Fright Fest** on Sunday, October 26. That's right -- **only \$10!** For SBS students only. Tickets are available in the Wellness

Center for a limited time.

Tutors are available for MAT 123, MAT 125, MAP 103, CH 131 and ANT 201. Contact anamaria.cobodepaci@stonybrook.edu or pick up a schedule in the Residence Life Office.

Free confidential counseling and psychotherapy services are available to all Stony Brook Southampton students in the Student Counseling Center, lower level, Southold Hall. Call x2-5069 for more information.

Three movies on Long Island fishing will be screened in Montauk at the Montauk Movie Theater as part of the Long Island Film Festival on Sunday, October 12, starting at 2:15 p.m. Tickets are \$12 for all three films, one of which stars “Sopranos” actress **Edie Falco**.

Flu shots are now available for students. The cost is \$15 and your account can be billed. Stop by Southold LL from 9-5 M-F. Call x2-5014 for further details.
